## Carl Ranft Is Named Port Board Secretary

Duties are Managing Local Port Authority; Fischer New Chairman

Carl A. Ranft, president of the J. C. Ranft Bottling Co., was named to a newly-created position of secretary of the Tri-City Regional Port District board to fill the staff vacancy caused last month by the death of John L. Barron, port manager.

Ranft, who said the bottling firm operations will be handled by his firm's personnel, resigned as chairman of the Port Board at a meeting Monday afternoon. Named to the chairmanship was Harold R. Fischer, president of the First Granite City National Bank.

Both Fischer and Ranft have been members of the board since its inception in 1959. Ranft said the chairmanship will encompass those of the port manager and to serve as official representative of the Port District.

**Familiar With Operations**  
The Port Board decided on this procedure, basing its decision on Ranft's close work with Barron on Port District activities, and that he is the best informed and qualified person available to carry on the policies and purposes of the board with a minimum amount of interruption.

Ranft, who resides at 2650 Delmar avenue, will remain a member of the Port Board while holding the office of secretary and has made arrangements to devote full time to the new duties. The salary for the new post is to be announced in about two weeks.

During Monday afternoon's meeting, Ranft said the Governor's Commission for Development of the Lewis & Clark Park is to meet in the near future. Ranft is a member of the Commission.

An area near the north mouth of the Chain of Rocks canal being considered for expansion of the park also is included in Port District plans for a multi-acre industrial park.

A representative of the local Port District is to go to Chicago to confer with Chicago Regional Port District Management on future port planning.

## GC Urges Local Air Pollution Control

Partney Represents City At East-West Gateway Hearing at SIU-SW

Enforcement of air pollution control regulations eventually drafted by the East-West Gateway Coordinating Council should remain in the hands of local government agencies, Mayor Partney of Granite City told the council Tuesday in the second of a series of public hearings.

Mayor Partney told the hearing, "The Granite City Air Pollution Control Board does not think another complex level of government should be imposed, at least until it has been shown that the present system is unable to control the problem."

The mayor's recommendation was presented in the afternoon session of an all-day hearing in the Lowrey Library building at Southern Illinois University-Southwestern Campus, in which the Industrial Waste Control Council also urged creation of an industrial technical advisory committee to take active part in development of air pollution control legislation.

Donald Cairns, plant engineer of the Granite City Steel Co. blast furnace department and president of the Industrial Waste Control Council, said industry which will be involved extensively by any air pollution control law, should have a hand in preparation of the control regulations and play a part in their enforcement. Such a committee, he told the hearing, could play an effective part in enforcement through cooperation with the administering agency.

**First Law in 1948**  
Mayor Partney appeared before the council at the opening of the afternoon session, pointing out that Granite City became acutely concerned about air pollution 20 years ago and passed its first air pollution control ordinance (anti-ash law) in 1948. He noted that the city's air control board was set up in 1965.

He said he agrees that the East-West Gateway Council, or

## GC Police Nab 2 Suspects After Store Break-In

(Picture on Page 10)

Two burglary suspects were captured following a chase by Granite City police after a break-in at the National School of Music, 2100 Cleveland blvd., at 11:15 last night.

Charged with burglary today were Donald Lee Hutchinson, 21, of 908 Grand avenue, Madison, and the minimum pay of hourly workers will go up 10 cents to \$13.35 an hour. Hourly rates will be increased in accordance with a job analysis. The hospital has 587 employees, including 86 registered nurses.

Stolen in the burglary were three electric guitars, a large mirror and a foot pedal. The loot was recovered. Entry was gained by forcing the front door.

The four suspects were chased after they were spotted by Detective Michael Devine and Joseph Nemeth at 21st and Delmar avenues. By running through yards, the gang got away.

But about a half hour later, the juvenile was apprehended by Officer Ralph Partney at 20th and Adams streets, and Hutchinson was arrested a short time later by Officer Louis Mank at the same place. The auto was towed to a garage.

## Pay Boosts for Nurses, Employees

## Hospital Room Rate Increase Of \$5 to Start on Nov. 1st

The new daily room rates will be \$25.50 and \$27.50 for private rooms, \$27, \$28 and \$33 for private rooms and semi-private for cribs.

Announcement of the rate and pay increases was made yesterday by Sister Mary Thomas, administrator, following a meeting of the hospital governing board of Sisters. The amounts were based on a study by the Lay Advisory Board, the hospital council and the personnel director.

**Need to be Competitive**  
"Wages of hospital employees are being raised to keep them in line with competitive wages in the community in the hospital field," Sister M. Thomas said.

Other hospitals in the surrounding two-state area either have given the raises and increased room rates or are in the process of undertaking such programs.

"Hospitals have become the fact that nurses and other hospital personnel have traditionally been underpaid and have actually been called upon to help under the patient bills through their low salary structures," the administrator added.

"Hospitals throughout the nation have recognized this and much study is being done of critical shortages in the professional health fields, particularly nursing, has often been laid to the financial return for these services."

## Time-and-a-Half Pay

"Recent legislation places hospitals under the Fair Labor Standards Act with time and a half study is being done of critical shortages in the professional health fields, particularly nursing, has often been laid to the financial return for these services."

## Council Approves City-Wide Sewer Program for GC

Supreme Court Dismisses Suit On Campus Title

The U. S. Supreme Court on Monday dismissed an attempt by Harold William Krosch, 40, of Granite City, to prove he owns the Coolidge junior high school campus.

Krosch had sought permission to appeal the six-year-old case from the Illinois Supreme Court to the high court. The school district, represented by Attorney Maurice Dailey, filed a motion to dismiss the request.

In its brief comment, the U. S. Supreme Court ruled that "the motion to dismiss is granted, and the appeal is dismissed for want of a substantial federal question."

**35-Acre Site**  
Krosch in 1960 challenged the school's \$38,983 purchase in 1953 of the 35-acre junior high school campus. He was victorious in the Madison county court in 1963 and the Mount Vernon appellate court in 1964. But the Illinois Supreme Court ruled in favor of the school district Nov. 9, 1965, and last Jan. 24 rejected a petition for a rehearing.

The state court's ruling now upheld by the U. S. court valued technicalities in the land condemnation procedure followed 13 years ago. Records of the late attorney who handled the original action were unavailable, complicating the school district's defense against the allegations of insufficient notice to Krosch, an heir to the land.

Because a new judgment probably would have been much higher than the amount paid in 1953, the potential debt had clouded school financial planning.

**Decided by a Common**  
The city court acknowledged that a published notice of the land acquisition lacked the words "that process cannot be served upon him," but said it was sufficient because it said that "on due inquiry" Krosch "cannot be found." He actually was in Chicago at the time, but did not maintain regular contact with relatives here.

The Illinois Civil Practice Act section mentioning the omitted legal phrase, "so that process cannot be served upon him," included a series of several circumstances separated by commas, and gave the phrase only one. The question was whether the phrase applied under all or only one of the circumstances regarding missing heirs.

Attorney Kenneth Kelly represented Krosch.

**Chamber Forums Slated**  
Tri-Cities Chamber of Commerce members will present community improvement ideas in a series of forum meetings at 2 p.m. Monday, 10 a.m./Tuesday and 10 a.m. and 2 p.m. Wednesday at the Chamber office. Presiding at the 45-minute "coffee hours" will be Vice-President Leo H. Konzen, President of Work Committee chairman.

**City Air Pollution Board To Open Office in City Hall**  
An office for the Granite City Air Pollution Control board will be opened in the city hall next Tuesday afternoon for a one-day-a-week operation, it was decided last night at a meeting of the commissioners.

The board elected Henry Bienenicki, vice-chairman, to fill the unexpired term of Thomas Boker, chairman, who resigned. Boker is moving to Washington, D. C., where he is being transferred by the federal government.

Theodore Macios was elected to serve as vice-chairman as well as continue his office of board secretary.

The Air Pollution office, located on the third floor near the mayor's office, will be open from 10 a.m. to 4 p.m. temporarily, before being moved to its permanent location in the city hall.

## \$14,000,000 Project With Federal Aid Needs \$8,000,000 Bond Issue

Council approval of a \$14,000,000 sewer and drainage program to end flooding and health problems throughout Granite City was given Monday night during a special meeting.

The vote was 10-2 to authorize the Special Sewer committee to proceed with necessary steps to call an election for an \$8,000,000 general obligation bond issue to finance the overall program.

Remaining funds would be sought through grants of federal funds. A \$1,500,000 grant already has been approved by the federal government for the first step in the \$14,000,000 program. The city is to provide matching funds in the amount of \$1,500,000.

Members of the Special Sewer committee—Aldermen Sternberg, Bienenicki and Moerlein—presented two proposals to the city council for consideration, with a recommendation for the overall program.

The council's decision to go for the \$14,000,000 program with an \$8,000,000 bond issue, was based on the community's need and the possible availability of federal funds that would cut the overall cost to Granite City.

**Timetable to be Set**  
While no timetable has yet been established for calling a bond issue election, Mayor Partney advised the council that the vote should come in the near future.

Since the city's initial \$3,000,000 grant was authorized in August and clearance for receiving funds is now pending in Washington, D. C., the city delays in providing matching funds, the mayor said, it could lose the federal grant.

"Over the past few months, we have received, and other cities are clamoring for federal funds for sewer work."

The city-wide program is based on continuing federal help with the prospect of the financial assistance being increased. With the council's acceptance of the overall program Monday night, Committee Chairman Sternberg and the committee will begin a series of meetings to prepare for the election and set up a step-by-step timetable.

Voting for the \$14,000,000 program were Aldermen Rutledge, Bienenicki, Johnson, Boyd, Dallas, Moerlein, Sternberg, Fry, Partney and Green, and Mayor Partney added his "aye" vote. Voting "no" were Nunn and Bartoski. Two aldermen abstained—Robert and Paulus, and one was absent—Whitmer and Thompson.

While the city has had few heavy rains in recent months, the committee members pointed out that drainage is an ever-increasing problem as the city grows and develops. To separate storm water from the present combined system would not only give added capacity through a dual system, but also would eliminate possible costly expansion of sewage treatment facilities by removal of storm water.

**Sectionalized Projects**  
Committee members, who are being aided by Leo Konzen, former assistant city attorney, explained the \$14,000,000 program would be broken down into sections, making it possible for the city to make use of a federal grant of any size. A priority list of the projects is to be prepared.

The initial \$3,400,000 project, to be carried out with the \$1,500,000 federal grant and \$1,900,000 to be provided by the city through a \$150,000 revenue bond issue and a \$1,750,000 general obligation bond issue.

**21 Quad-Cityans to be Drafted Tomorrow**  
A group of 21 Quad-Cityans is to report at 6:30 a.m. tomorrow to the county selective service office in Edwardsville for armed forces induction and will be served coffee and doughnuts by Red Cross Chapters of Madison County.

The county draft office this week announced the November weeks of 25 local men to be drafted Nov. 4 and 5 to report for physical examinations on Nov. 17. This month's call for pre-induction physical examinations is for 85 men to report on Oct. 21.

## Thief Steals 200 Gallons of Gasoline

About 200 gallons of gasoline was stolen from a 500 gallon tank at Clark's Hardware Co., East 21st street and Edwards-ville road, after 10 p.m. Tuesday, it was reported at 1:55 p.m. Wednesday. A lock was knocked off the tank.

The firm also reported that during the past few days, vandals knocked the locks off of two tanks, started a bull dozer which ran against a bank behind the building and stole a 48-inch expanded metal cart on gear wheels.

## Power Tools, Dishes Taken in House Burglary

George Buhmann, 2216 Ohio avenue, reported at 7:05 p.m. Wednesday that a thief stole a gas stove, a square saw and a 12-place set of white dishes with red figures in a burglary at his home.

Entry was gained through a front door which had a broken window for some time.

bond issues, would provide sanitary sewers in areas of the city not served, including all of North Granite. It also would cover costs to start the separation of the present combined sanitary storm water sewers in older sections of the city.

The committee described this as a "beginning step in an overall sewer program that would eventually eliminate the storm water and sanitary sewage problems of the city for the foreseeable future."

The cost differential between the \$14,000,000 program and the \$10,000,000 program of four years ago results from rising costs and added features of storm sewers in the North Granite area and piping ditches that would have been open ditches in identical areas. The Nameoki area storm water ditch would be paved and fenced.

Discussing the cost of the program to the property owner, council members noted that in 1965 would be paying about 60%, and that cost to taxpayers would be about five cents per \$100 assessed valuation over 20 years.

Mayor Patten relinquished his role as presiding officer to Sternberg for the special session called by the Sewer committee.

**GC A Step Ahead**

Sternberg pointed out that to hold a smaller \$14,000,000 project would be better than the sewer program needed by the city at a time when the federal government is providing funds up to approximately 50% of a project cost. The city, with its detailed plans prepared four years ago, is well ahead of other municipalities, and is proven in obtaining the initial grant.

Bonds would not be issued until needed to match federal grants for the various phases of the overall program. In abstaining from voting, Robertson called for a legal opinion on earmarking the bond funds for sewer construction only. He was advised by Koenen that the city would be consulting with bonding attorneys.

Prime objection to the overall program was Nann, who said the initial step would be better accepted to persons on social security or pensions. Sternberg replied that in many instances such incomes are being adjusted.

To Nann's statement that more schools are needed and would add to the tax burden, Sternberg answered that three major problems facing the city are—1, sewers and storm water; 2, streets; and 3, schools. In that order, Nann said his opinion was that the present "war" prosperity is a "fake."

In answer, Sternberg stressed the city-wide benefits with the \$14,000,000 program, and added that "only an angel could predict the country's future."

Pioneer Grocer,  
Dies at Age 84**

August Francis Michel, 84, of 2407 Edison avenue, a 70-year pioneer resident and co-founder of one of the community's first grocery firms, died at 5:30 p.m. yesterday at St. Elizabeth Hospital. In ill health for nearly four years, he had been admitted to the hospital nine days ago.

Born at Long Island, N. Y., Mr. Michel moved to Granite City in 1898. He and his brother, Albert Michel, who survives, operated Michel Bros. grocery store on State street, from 1911 to 1923, when they moved the business to its present location at 22nd street and Edison avenue.

Mr. Michel had retired about four years ago. He was one of the original members of Tri-City Council 1098, Knights of Columbus, an organization in which he had been active for nearly 60 years. He also was a member of Sacred Heart Catholic Church. He would have observed his 85th birthday this Saturday.

Surviving are his wife, Mrs. Elsie Michel; one daughter, Mrs. Richard (Jacqueline) Francis, of Granite City; his brother, Albert Michel, Granite City; three sisters, Mrs. Valerie Theis and Mrs. Yvonne Gath, both of Granite City, and Mrs. Marguerite Little of St. Louis, a former resident, and four grandchildren.

Funeral arrangements are given in today's obituary column.

## New Phone Books Being Distributed

Distribution of new telephone directories in the Quad-City area began Wednesday and should be completed for the most part by Monday, Roger Ward, manager of the local Southwestern Bell Telephone Co. office, reported.

The new directories include the changes of phone numbers of many Nameoki areas from TRIangle and GLENview exchanges to the SYcamore and WELlington exchanges.

A separate section again lists Collinsville, Edwardsville and Glen Carbon numbers, and there is an increase in the listings in the yellow pages section of the book, Ward said.

## Erroneous Address

An address given Madison police Sunday morning by Barbara Allen Pollard, 26, who was arrested on four charges, was erroneous, according to residents there. The woman gave her home address in the 1800 block of State street, but occupants at that address reported the Pollard woman does not live there.

## Motorcycle Damaged

A parked motorcycle owned by Murphy Hadley, 2104 Broadway, Venice, was damaged at 8:13 p.m. yesterday when it was struck by a car driven by Robert Shambro, 725 Brown street, Venice. Shambro told police he was pulling away from the curb, headed east on Broadway, when the mishap occurred. Damage was minor.

GC POLICE LT. JOHN JHILLIP (center) being honored Monday evening upon his retirement by Patrolman Robert Astorian (left) and Detective Michael DeVine, who presented him with checks from the department's Health & Welfare Fund and Police Social Club.

## Police Lt. John Phillip Is Honored on Retirement

Special recognition was given Monday night at the city hall the occasion being the lieutenant's retirement.

Lt. Phillip is leaving the department today after 20 years service and will depart tomorrow for Phoenix, Ariz., where his wife, Genevieve, a registered nurse, and two daughters, Mary Helen, 14, and Christina, 10, already are living.

For his retirement, Lt. Phillip was presented with a check for \$1000 from the Police Department Health and Welfare Fund, given to him by Patrolman Robert Astorian, and a check for \$75 from the Police Social Club, given to him by Detective Michael DeVine.

Lt. Phillip, who joined the department a short time after his return from Army duty in world war II, will be moving close to his brother, Andy, one of the University of Illinois Wild Kids of the 1940s and a member of Granite City's state champion basketball team.

Andy now is living at Rancho Mirage, Calif., where he is preparation officer for Riverside county. His parents, Mr. and Mrs. John Phillip, continue to reside at 1810 Maple street.

During the war, Lt. Phillip won a Bronze Star Medal while serving with the 6th Armored Division in Europe. He participated in the Battle of the Bulge and earned five battle stars.

The family's new address is 4609 North Fifth street, Phoenix, Ariz.

## Solution Sought To Kerr Island Highway Problem

Continued high interest in problems involving Kerr Island residents, who face possible displacement with construction of Federal Aid Route 151, the Great River Road, resulted in 83 persons attending a meeting Tuesday evening with David Walker, Tri-Cities EOC assistant director, and Harry E. Hartman, Venice city attorney.

Those present named eight men to a Community Action Council, with primary responsibility to act as a liaison group between the Economic Opportunity officials, Venice city authorities and Kerr Island residents.

The hope was expressed Tuesday that the council will become acquainted with other area problems and assist in expediting orderly relocation of families next year when highway construction is scheduled to begin.

Elected to serve on the council were Joe Dumas, Earl Keltz, Louis Dandridge, Willie Vamoy, William McChes, Hugh Hairston, Floyd Andrews and Johnny McGone.

Atty. Hartman told the group that Venice city officials are continuing negotiations with the Department of Housing and Urban Development, specifically involving new housing for the elderly.

He added that John T. McCollum, an HUD regional administrator, reported that no funds are available through his department for relocating persons displaced by highway expansion programs.

## St. Margaret Mary Parish to be Dedicated on Sunday

The solemn dedication of the parish buildings of St. Margaret Mary Alcouque Church, 1900 St. Clair avenue, will be conducted at 3 p.m. Sunday by Most Rev. William A. O'Connor, D.D., bishop of Springfield.

A dedication banquet will follow at 5 p.m. in the parish hall during which the bishop will speak.

A solemn High Mass of Thanksgiving will be held at 11:15 a.m. Sunday. Rev. A. J. Schwellenbach, pastor, will be the celebrant. He will be assisted by Rev. Gerald McCaughey, assistant pastor, deacon; and Rev. Patrick Wright, diocesan director of schools at Springfield, sub-deacon. The sermon will be delivered by Rt. Rev. Mgr. Thomas X. Murphy, a chaplain at Scott Air Force Base holding the rank of colonel.

**Dedication Program**  
Assisting the bishop during the dedication ceremony will be Rev. John Morris of Glen Carbon and Father Wright. The male choir of the parish will present vocal selections. The fourth degree assembly of the Knights of Columbus will serve as an honor guard for the bishop.

Master of ceremonies at the dinner will be Horace Calvo, a trustee of the parish.

To be dedicated are the church, a major school addition and a convent.

Ground-breaking for the three buildings, contracted at a cost of \$554,630, took place on April 4.

### James Heil Joins

#### Local Law Firm

James R. Heil, a native of Alton, has joined the law firm of Smith, Calvo and Swan, with offices at 1950 State street.

Heil is a graduate of the University of Illinois where he received his law degree in 1961. Since then, he has had offices in Alton. He is married to former Lindsay Kay Naugle, who is an instructor at Monticello College in Godfrey.

## Illinois Traffic Deaths Soaring this Year

Traffic fatalities this year in Illinois are expected to exceed all previous records, including the 2256 persons killed in 1965, according to Sgt. J. C. Schwefter, traffic education director of District 11, Illinois State Police.

In the first nine months of this year, 1875 highway deaths have been recorded in the state, the officer said, 51 more than the same period last year.

Sgt. Schwefter, a resident of Litchfield, Ill., who is attached to state police headquarters at Collinsville, spoke Tuesday noon to the Granite City Rotary Club on the topic, "How to Stay Alive." He was introduced by Rev. David Maxton, program chairman. About 45 members attended.

Continuing apathy shown by the public to the rapidly increasing number of highway deaths is hard to understand, the state police officer said, adding — should an epidemic sweep the country, resulting in the deaths of 20,000 to 30,000 persons, the

entire nation would be up-arms, demanding that precautions be immediately taken.

**National Trend Up**  
Yet last year, he continued, 49,000 persons were killed in traffic accidents in the United States, with little or no concern displayed. He added that current trends estimate more than 61,000 will die this year.

Sgt. Schwefter attributed a sharp increase in the amount of highway traffic each month as providing circumstances for greater danger. He said, "Defensive and courteous driving habits appear to be the primary solution, but with motorists constantly on the alert for 'the other guy.'"

The state police officer noted that driving at high speeds in-

creases the severity of an accident. Other violations which contribute to serious accidents, include disregard of traffic signs, especially stop signs; failure to use turn signals, and fatigue, caused by insufficient breaks while driving long distances.

Another serious problem, the officer said, are "amateur chemists," those persons who attempt to mix alcohol and gasoline, usually without success.

**"Highball Highway"**  
With specific reference to the large category of those responsible for many accidents, Sgt. Schwefter showed a film, entitled "Highball Highway," which detailed the antics of a "pretty good driver," whose failure to exercise caution while drinking, results in a friend's death and the loss of his own leg.

In the business meeting, Rotarians voted funds to purchase a portable television set for the trainable handicapped class at Lake school.

William Thoele, Rotary president, reminded members of the club's annual fall get-together, next Tuesday. Following the results luncheon meeting at the YMCA, members will be entertained during the afternoon and evening, at the home of Burr Moody on Highway 162. Plans are now being completed for a barbecue, horseback riding, one-hole golf and other recreational pursuits, Thoele explained.

It was announced that James A. Dufford of Jacksonville, Ill., Rotary District 666 governor, will make his official visit to the Granite City club on Tuesday, Nov. 8.

### Three Minor Fires,

#### False Alarm Reported

Firemen were called to the blast furnace division of Granite City Steel Co. at 4:30 p.m. Tuesday when grease on a gear box journal on top of a scrap yard caught fire. It was extinguished with chemicals.

At 6 p.m. they were called to 23rd street and Cleveland blvd. where a barricade lamp overturned and spilled burning fuel on the street.

The awning at Ruth's Style shop, 1216 Nineteenth street, caught fire at 9:15 p.m. but it was extinguished by police officers.

A false alarm occurred at 9 a.m. Wednesday when the sprinkler system went into operation at the Union Starch & Refining Co. plant. There was no fire.

### Attempts Being Made

#### To Reopen Big D

An effort is being made to force the county to issue a liquor license for the defunct Big D tavern on Highway 162 to Julian Baxter Wallace, former manager of the establishment.

Wallace applied for a license after the former licensee voluntarily surrendered it following a meeting with the county liquor committee more than a month ago.

In trying to block the new license, Sheriff Barney Fraundorf has requested Harold Lang, county liquor control commissioner, to investigate the case thoroughly through employment of a special investigator.

So far, such an investigation has not been made, Fraundorf said.

Fraundorf said that residents of the area, located in Nameoki township, have complained of past activities and types of patrons at the tavern.

Meanwhile Wallace has retained a law firm in Granite City to press the issue, and Landolt, the sheriff, and Leon Scroggins, chief assistant-state's attorney, have been informed of the development. The law firm enclosed a form showing that Wallace received an honorable discharge from the Marine Corps on Nov. 23, 1957.

### Venice Man Charged

#### After Breaking Window

Predster Arnon, 23, of Lee Wright Homes, Venice, was arrested by Venice police at 3:30 p.m. Monday on a charge of criminal damage to property. Authorities said Arnon was charged with breaking a window at the Steinger store on Douglas street in Venice. Arnon is scheduled to appear in magistrate's court at Madison next Wednesday.

—GO TO CHURCH SUNDAY—

**SANCTUARY** of the new St. Margaret Mary Alcouque Church, which with a new convent and school will be dedicated at 3 p.m. Sunday by Most Rev. William A. O'Connor, D.D., bishop of Springfield.

The church building was dedicated at the site on May 27, 1965, to the public last April 3, 1962.

**Trailer Rectory**  
The first rectory was a trailer containing the residence of the pastor as well as the parish office.

The School Sisters of St. Francis, whose motherhouse is in Rochford, arrived Aug. 11, 1964, to begin teaching at the school that fall with Sister M. Arilda as principal, assisted by Sisters Leona Marie, M. Lourdet, Thomas Marie, Mrs. Eloise Douin, a lay teacher, and the house sister, Christian Doctrine. He formerly was an assistant pastor at St. Joseph's Church here.

The first Sunday Masses for the new church were celebrated in the morning of the late Rt. Rev. Mgr. Thomas X. Murphy, a chaplain at Scott Air Force Base holding the rank of colonel.

The Shrine of Our Lady of Grace in front of the school was constructed by parishioners and employees of the late Rt. Rev. Mgr. Thomas X. Murphy, a chaplain at Scott Air Force Base holding the rank of colonel.

As of Oct. 1 the district had a treasury balance of only \$47,072 which, under normal conditions, would meet the average payroll for one month. Since then, however, the district has received \$200,000 in taxes from St. Clair county, but \$160,000 of the amount will be needed to retire anticipation warrants.

The district this year anticipated \$350,000 worth of anticipation warrants and was required to retire \$350,000 of these during September. This helped account for the shortage of funds, along with allotment of more than \$400,000 to the bond and interest fund.

Tax money still is due the district from Madison county. If this is distributed soon it may be possible to keep the district's employees on the job a few weeks longer. An additional tax distribution from St. Clair county also is expected in December, officials said, and the full force probably will be recalled at that time.

## No Injuries, Playmaking Pat; Warriors Seeking First Win

Perfecting fundamentals of ball handling and playmaking has been the theme of the Granite City Warriors' preparation for their game at Wood River tomorrow night.

"So far, everybody looks great, we've been hitting everything in the books on the practice field, and the team is looking sharp," said Jim Morrison, Warrior coach. It will be the local squad's second Southwestern Conference game, Alton having won 27-14 here last weekend.

Morrison said rumors have been circulating to the effect that drastic changes may be in store in the Warrior offensive operation. But he discounted against Granite City tomorrow night, commenting, "We've got everything it takes to have a winning ball club, including a good air-man and 11 good receivers."

Wayne Williams, third-year Wood River coach, takes the position that just because Granite City has lost four games does not mean it will be a pushover.

"Granite City has played some real competition. They had too good a sophomore team to be anything but tough," he said.

Quarterback injured

Wood River which lost 26-10 last time out to Belleville West, began the season with Quarterback Mike Hudock breaking his wrist, and has been plagued with injuries ever since.

Rick Moore and Mike Anstyn, both juniors and both linemen, were injured in last Friday's game and it is questionable whether they will play.

for the Wood River game, he said.

"We are going to use the same offensive and defensive machine that we used against Alton, unless of course some injuries occur, or a last-minute difficulty arises," Morrison related.

## GC HS Harriers Enter Beaumont Invitational

Over 200 cross-country runners, including seven from Granite City high school, will compete in the Beaumont Invitational meet to be held tomorrow at 4:30 p.m. at O'Fallon Park in St. Louis.

Dick Harmon, Warrior coach, reports that the McClure, River-view Gardens, Alton and Belleville harrier teams are favored in the meet, but that, Granite City should do well.

Dave Lomax and Joe Pasche have been running good, and we have high hopes for them in the meet," Harmon said. The Granite City harriers are 5-2 for the season.

## Warrior Sophs Drop 46-0 Game at Alton

In a series of "belly sweeps," Alton sophomores scored seven TDs to beat the Granite City sophomores 46-0 at Alton Monday.

One sophomore coach said, "We haven't given up on the varsity level, and we're not about to give up on the lower levels." He added that the sophomores could still obtain a 6-2 overall record. Their record now is 2-2.

## 75 Boys to Compete In Punt-Pass-Kick

A total of 75 boys in six age groups have registered for Ford's Punt-Pass-Kick contest to be held on the football field at Granite City high school beginning at 4:30 p.m. this Sunday.

Age groups in the contest, sponsored locally by B. E. Holt agency, range from eight-year-olds to 13-year-olds.

Registration has been extended to 4 p.m. tomorrow at Dick's, 1837 Madison avenue. Dick Yates, Granite City school athletic director and local PP&K director, is urging local participants to practice strenuously in the time left, then before competition begins Sunday.

Boys now seven years old who will reach their eighth birthday by Jan. 8, 1967, compete as eight-year-olds. But a 13-year-old who will become 14 on or before Jan. 8, 1967, is not eligible.

## Finals in Miami

Age limits are set at Jan. 8 because this is the date for national finals in Miami, Fla., the day of the National Football League playoff championship game there.

## Punt Pass & Kick competition

Punt Pass & Kick competition is on five levels—local, district, area, division and national.

At the local level here Oct. 16, boys in six groups (8-9-10-11-12-13) will compete. Judges determine the first, second and third highest scores.

Medals are awarded the top three finishers in each age group. Scores are turned in to the national PP&K headquarters, which selects six winners from each of 360 zones in the country.

## District Level

On Oct. 29 the 2180 zone winners compete in 38 districts. St. Louis will be the center for this area's competition. A total of 228 district winners will emerge winners, receiving a district champion trophy.

Cities in the National Football League become the center for area competition. Each district winner and his father will be guests for an NFL game, banquet and overnight lodging while area competition is held.

Area competition here will be at St. Louis Nov. 27, when the Cardinals entertain Pittsburgh. On various dates, 48 area winners will be determined in NFL Eastern Division cities and 42 in Western Division NFL towns.

Division competition, again with area winners and fathers as guests for an NFL contest, will be held Dec. 11 in Dallas for 48 eastern area winners prior to the Cowboys-Redskins game. The 47 western area winners compete in Baltimore Dec. 10.

On Jan. 8, six eastern division winners and six western division winners will compete in Miami at the NFL playoff game in the Orange Bowl. Guests will include the parents and sponsoring Ford dealers and wives for a "Tour of Champions" starting in Washington, D. C.

## Scoring Rules

Each boy competes individually in punting, passing and kicking. Judges score one point for each foot of distance the ball travels on the fly, minus one point for each foot the pignik lands on either side of a center line.

A 30-foot, three-inch pass would be scored as 30½ points, a 30' 9" hurt as 31 points.

No special footwear is allowed in competition. Boys in local competition may wear sneakers or regular street shoes. In district, area and national competition, sneakers are required.

Boys 8, 9, and 10 use a junior size pignik; boys 11, 12 and 13 use the regulation football.

## Key Conference Test Tonight At Bethalto for Trojan Eleven

Tonight's Midwestern Conference clash between Madison and Bethalto will pit two teams which are closely matched and which are suffering no injuries to players.

The Thursday game is due to the Madison County Teachers' Institute scheduled for tomorrow. The game is set for 8 o'clock tonight at the Bethalto stadium.

"I look for a real tough game," said Bethalto coach Ed Hartweg, 7-1 before this, his third season as Eagles' mentor. "We're pretty evenly matched and as far as our team is concerned, we have nobody hurt."

At Madison, coach Glen Pickering expressed equal sentiments about the game's importance. This, while weighing the Eagles' narrow loss to Wood River, impressive wins over Jerseyville and Roxana, and last weekend's scare to conference giant Cahokia.

**Win Vital for Trojans**

"This game could be the difference in our having a shot at the conference championship," said Pickering, Madison is 1-0 in conference action while Bethalto is 1-1.

Highland currently leads the league with a 3-0 record, but the Trojans and Cahokia Comanches, each successful in a lone conference outing, may eventually fight it out for top honors, observers believe.

Bethalto has an outside chance, especially if it could win tonight, but Roxana and Duquenois also have too much ground to make up to be considered title contenders.

Madison has only one defeat on its season record, a narrow 14-13 loss at Edwardsville in the opening game, although being held to a 7-7 tie by Rockton in the second. The Trojans then edged Granite City 19-18 and shut out Duquenois in their initial Midwestern Conference contest.

### New Rule on Clock Discussed

## Are Prep Grid Games Too Long This Year?

While several area football coaches have indicated their approval of the new high school rule on stopping the clock, Madison's Glen Pickering isn't exactly sold on the new rulebook entry.

"I think it's taking far too long to play the games," Pickering offered, adding that he and assistant coach Charles Steptoe had timed Madison's opener at Edwardsville.

"It took us an hour and 10 minutes just to play the first half over there," said Steptoe. "I think this is ridiculous."

"Normally a game that starts by eight o'clock will be over by nine-thirty or a quarter of ten at the latest," Pickering added, though conceding that he could understand the thinking behind the rule change.

**Stops Stalls**

The new rule stops the clock after a change of possession or following a first down. Before 1966, the clock stopped only by the order of an official or when, for instance, there was an incomplete pass or a ball carrier ran out of bounds.

"One advantage of it," said Pickering, "is that it tends to keep teams from eating up the clock on you late in the game. This is true," he continued, "for teams making quick yardage or throwing a lot of incomplete passes."

## Petition Seeking Junior College Election Filed

Petitions seeking a special referendum proposal to establish a Junior College District in a four-county area, including Madison county, were filed in Springfield yesterday by representatives of the area Junior College Board.

The petitions, containing 3300 names, were filed with Gerald Smith, executive secretary of the Illinois State Junior College Board, according to John Melott, public relations director of the area board.

Meeting with Smith to file the petitions were Dr. Henry Boss of Southern Illinois University-Springfield; M. J. O'Connell, county superintendent; Mason Holmes, superintendent of the Bunker Hill school district, and Melott.

Holmes and Boss are to appear tomorrow in Chicago before the state board of higher education in a discussion of a survey made by a three-man SIU team which has recommended establishment of the district with a maximum tax rate of 25 cents per \$100 assessed valuation.

The State Junior College Board is to meet Nov. 11 to act on the petition. Assuming that it approves the proposal, the Illinois Board of Higher Education then would consider the plan and either approve it or reject it. If the higher education board approves, a public hearing would be called, probably around Jan. 1. Date for an election would be set after the public hearing.

Although a 25-cent maximum tax rate is specified, the recently completed study pointed out that only 7.9 cents per \$100 assessed valuation would be needed at the beginning of operation.

The survey team composed of Henry T. Boss, George H. Goodenough, and Melott.

## Yule Mail Call Requests Coming from Far-Away Places

The Press-Record's first annual "Yule Mail Call" service has drawn response from many areas, other than those names and addresses submitted by persons living in the immediate vicinity of the Quad-Cities.

A letter, received this week from Oklahoma, asks that a former Venice resident and her husband, both now stationed at a U. S. Navy installation there, be included among those listed in the newspaper's pre-Christmas program.

Hoping to hear from "old friends" in this area, Mrs. Monte L. Wilson, who is with her husband on Okinawa, told the Press-Record that her parents in Venice had sent the couple a clipping which explained the holiday service.

Win and H. Dene Southwood of the SIU Southwestern Campus, recommended that three initial instructional centers be established, but left selection of the sites to the junior college board, that would be elected if and when the district is created.

**Proposes Tax Rates**

In a computation of initial costs, the survey points out that the proposed district would have an estimated assessed valuation of \$1.125 billion, against which a 5.75-cent per \$100 valuation tax rate would be needed for operation and a 2.15-cent rate for capital outlay.

The petition asks maximums of 15 cents per \$100 assessed valuation for educational purposes and 10 cents per \$100 for building purposes and purchase of school grounds.

According to the study, college structures costing about \$11.5 million should be constructed within the first three years.

It proposed an operating budget of \$1,653,318 for an initial enrollment up to 2000 students. With a \$1.125 billion valuation and an area of 1716 square miles, the district would be one of the largest community colleges in the nation.

The survey team reported that well over two-thirds of the persons contacted were in favor of the establishment of a community junior college and that it "strongly recommends the establishment of a junior college."

**Bauer to Begin Year as Head of Marine League**

Conrad Bauer, commandant, and other 1966 officers of the Quad-City Detachment, Marine Corps League, will begin their duties at a regular meeting Monday night, Oct. 17.

The officers include Earl Dauderman, senior vice-commandant; Wayne Baumeier, paymaster; Ted Barr, judge advocate; Hank Lopez, chaplain; James Kenney, sergeant-at-arms; Thomas Stephens, adjutant; and Mrs. Dorothy Wheeler, service officer. Guests of the local detachment this month have included Carl Quayle of Belleville, state commandant, Richard Quayle, state adjutant, and Calvin Solomon, Fifth District commandant.

**Man Charged, Released**

Ralph Milliken, 33, of 2127 Lincoln avenue, was taken into custody at 20th street and Madison avenue and was charged with deceptive practices at 4 p.m. He was released on his own recognizance pending a hearing.

**Burglary at Tavern**

Two fifths and four half-pints of whisky were stolen in a burglary at the 20th and Park tavern during the night, it was reported at 8:30 a.m. Tuesday. A cash register was pried but was not opened. Entry was gained by raising a rear window.

**Two Floodlights Stolen**

Two floodlights used to illuminate the exterior of the building were stolen from St. John's Church, St. Clair and Dale avenues. It was reported at 10:30 a.m. Wednesday. Miller's auto was parked.

## Trojan Sophs Use Long Runs To Crush Dupo

Jumping ahead in the first quarter with three TDs, Madison high school sophomores went on to win over Dupo 52-0 Monday at the Dupo gridiron.

Dale Clinton opened for Madison with two TDs on 30 and 40-yard runs, with Jim Scott ending the first quarter with a 70-yard TD play.

In the second quarter, Clinton and Scott again scored on short runs, with wingback Jim Watson running for 43 yards. Halftime score was 29-0.

In the third quarter, Earl Malone, linebacker, recovered a fumble and scored on a 70-yard run. For the last TD of the game, Watson ran 54 yards.

Joe Asperger, sophomore coach, said the Trojan team will have a real test when it meets Bethalto next Monday at 7 p.m. at Madison.

## \$75-\$100 Million In U. S. Contracts Available for Bid

Congressman Melvin Price (D, East St. Louis and Senator Paul H. Douglas today disclosed that \$75 to \$100 million in Federal current invitations for bid will be available at Friday's southern Illinois Industrial Procurement Conference at the East St. Louis Army.

It has been announced previously that \$30 to \$40 million in FBI's would be available.

In addition to a number of defense and civilian Federal agencies various leading prime contractors will be on hand to discuss subcontracting opportunities with local businessmen.

Arranged by Douglas and Price in cooperation with Gov. Federal through the Illinois Department of Business and Economic Development, the conference is designed to acquaint local businessmen with the federal procurement and contract process.

The conference will open at 8 a.m. with registration units. Brief presentations will follow on the federal contract process in defense and civilian agencies, the role prime contractors play and the opportunities available to subcontractors. Personal counseling sessions have been arranged for local businessmen to meet and discuss their situations with agency and prime contractor representatives.

There will be a luncheon with Brig. Gen. B. R. Luczak, Commanding General, Army Ammunition Procurement and Supply Agency, Joliet, Ill., as speaker.

## Bus Services Planned For 'Youth for Christ'

An express bus service, arranged by a local church to transport Quad-Cityans of all ages to non-denominational "Youth for Christ" programs at Hope Church, St. Louis church, will depart from the Belleme Village shopping center parking lot at 6:40 p.m. Saturday. A second stop will be made by the bus across from St. Elizabeth Hospital, at 6:50 p.m.

Based on the theme, "Reaching Teens For Christ," the participation in the youth program is open to members of all church denominations. The express bus service to the St. Louis church is being provided at the same times and locations each first and third Saturdays of the month, Mrs. Myers, a local sponsor, reports.

## Hearing Brings Out Support For Dormitories at SIU-SW

Strong support for construction of on-campus student housing at the Southern Illinois University-Southwestern Campus was voiced at a public hearing of the Illinois Board of Higher Education that ended Monday afternoon in Lovejoy Library Auditorium.

Citing figures which indicate that a demand for on-campus housing presently exists, Registrar John H. Schnabel stated that

## George Potillo, 84, 52-Year Resident, Dies

George M. Potillo, 84, of 2258 Adams street, a 52-year resident of the Quad-Cities, succumbed to a six-month illness at 9:05 a.m. Tuesday at St. Elizabeth Hospital. He had been a patient for two weeks.

A carpenter by trade, Mr. Potillo had retired in 1946 from the American Car Foundry, where he had been employed about 45 years. After his official retirement, he had worked ten years for the Granite City park district as a gardener and guard at Wilson Park.

Mr. Potillo was born in Kansas Territory and was a member of the Dewey Avenue Methodist Church.

Surviving are his wife, Mrs. Kate Potillo; two daughters, Mrs. Grace Warford, McLeansboro, Ill., and Mrs. Irma Whitney, Evansville, Ind.; four sons, Raymond, Samuel and Jerry Potillo, all of Granite City, and Melvin Potillo of Alhambra, Calif.; three brothers, Sam Potillo, Dayton, O., William Potillo, Yucca, Calif., and John Potillo, Poplar Bluff, Mo.; three sisters, Mrs. Mary Ryan, Lancaster, Calif., and Mrs. Grace Shamlin and Mrs. Elizabeth Cole, both of Poplar Bluff; 17 grandchildren and 18 great-grandchildren.

Funeral services were held at 10 a.m. today. Details are given in today's obituary column.

## 8 Drivers Arrested, Police Use Radar Unit

Eight drivers were arrested on speeding charges along Pontoon road, Madison avenue and East 23rd street Tuesday and Wednesday as police operated a radar unit. Arrested were:

Thomas J. Peterson Jr., 4258 Highway 111; Mary L. Jell, 4120 Kaseberg lane; George W. Fields, 2133 Miracle avenue; Robert L. Keel, 4236 Division street; Thomas P. Hanson, Collinsville; James E. Hoiz, 2723 Buxton avenue; Charles A. Papp, 2330 Hodgson avenue; and Martin Lee LeVault, Port Charlotte, Fla.

Granite City PRESS-RECORD  
Thurs., Oct. 13, 1966 Page 9

were given by representatives of Blackburn and McKendree Colleges.

The meeting at SIU-SW is one of six being held throughout the state to consider Phase II of the master plan for higher education in Illinois. Board members will consider results of the public hearings and make a final decision on Phase II policies at a meeting Nov. 15.

Warren Joseph, a member of the Fine Arts faculty, spoke also of the psychological advantages inherent in having a core of resident students, many of whom would come from other parts of Illinois and other states.

He told board members that because enrollment is limited almost entirely to students from the immediate vicinity, the result is too much educational "inbreeding." He added that to have housing facilities which would attract students from other areas would allow a broad exchange of ideas and viewpoints.

Speaking as secretary of the Faculty Council, Dr. Roland Keene reported that council members had endorsed the idea that the status of the Southwestern Campus be changed from a commuter to a residence campus. He said the council also is favorable to the idea that the local facility have more autonomy.

Students Views

Representing the students, Terry Profit, president of SIU-SW student body, reported that a survey taken during the previous week indicated that over 400 students now commuting to the school would prefer to live on campus if dormitories were available. He stressed, too, that not having a resident student body results in lack of a feeling of belonging among students.

Also contained in Phase II of the board's master plan is construction of four new state universities, at Springfield, Rockford and two in Chicago. Delegations from the Springfield area spoke in favor of the master plan, while dissenting viewpoints

## MORE ABOUT GC Urges

ganized at state level, can more effectively establish a uniform set of regulations for the overall metropolitan area on both sides of the river.

But, he added, "Local government agencies should be permitted to enforce the air pollution controls within their boundaries, provided the local regulations and enforcement are equal to or more stringent than the area regulations of adjoining communities."

The Granite City Air Pollution Control Board, the mayor said, "is of the opinion that local participation and cooperation is important for maximum effectiveness, and if the regulations of its resident fellow citizen, the opportunity of obtaining maximum cooperation will be much greater than if pollution control was administered by a large distant agency."

### Final Decision in Courts

He pointed out that final enforcement of air pollution regulations will occur in the local courts. Thus, he added, an interstate agency cannot insure more uniform enforcement than the state system as the final decision will be reached in state courts.

Lawrence K. Roos, supervisor of St. Louis county and chairman of the Gateway Council, said Tuesday's morning session of the Interstate Waste Control Council stands ready to approve an ordinance recommended by the Gateway Council, and is presenting different types of in-

pared to enforce it. The mayor replied that the city is prepared to cooperate in every way possible.

Roos told the hearing, which was attended by more than 100 persons, that after the third public hearing on Oct. 19, the council will draft its report and expects to complete its recommendation by Dec. 15.

The threat of federal intervention in the air pollution picture in the Illinois-Missouri metropolitan area, which has been projected repeatedly since the Interstate Air Pollution Study was came up again during Tuesday's hearing from an unscheduled speaker.

He was S. Smith Griswold, chief of the abatement branch of the U. S. Public Health Service, who said:

"If a program is set up and we feel it would not protect public health, you can also expect us to step in." He emphasized that the federal government would rather see the problem worked out locally, but that if local governments cannot come up with a solution the federal government would "bring them together."

In a comment on testimony of a metallurgical industry spokesman who stated earlier in the hearing that some standards set for that industry in the Interstate Study could not be met, Griswold said:

"I have heard industry say this before. The same type industries in California are meeting these standards."

The entire morning session of Tuesday's hearing was allotted for the Interstate Waste Control Council, which presented testimony recommended by the Gateway Council, and is presenting different types of in-

Technical Advisory Committee. The purpose of the committee would be to consider the complete testimony and provide technical assistance to the Gateway Council in preparing uniform air pollution regulations.

Cairns said the control council suggests immediate appointment of such a committee.

At the same time he recommended that the committee assist local air pollution control agencies in their enforcement program.

Among Central Council speakers at the hearing Tuesday were Bruce Kestler, representing Portland Cement Co.; Austin Phelps of Procter & Gamble; J. Wesley Burgess, chief engineer of American Zinc, Lead and Smelting Co.; Herbert J. Weber, director of Safety, Hygiene and Pollution for the American Foundrymen's Society; Edward Roe, plant manager of Great Lakes Carbon Corp.; and William Bradley, Monsanto Chemical Co.

In the afternoon session Dr. Franklin D. Yoder, director of the Department of Public Health and a member of the Illinois Air Pollution Board, said the Gateway Council of Illinois' supply of reliable data, and effective efforts on both sides of the river.

He said that the Interstate Study should be viewed more as a guide than as the definite answer to air pollution problems, and added that he is not satisfied that the study has adequately considered the economic reasonableness of some of the emission limits.

He pointed out that the study council supports most of the regulations of the Interstate Study and was offering alternate numerical values.

### Reduction Projected

"The regulations we offer today and at the Oct. 19 hearing will reduce some of the major sources of air pollution in the area by as much as 75% to 98%, if they are adopted and rigidly enforced, Cairns said. "Some of the Industrial Waste Control Council proposals are more restrictive than those suggested in Section Eight of the Interstate Study."

Cairns referred to testimony of Dr. Herbert Domke, St. Louis city director of health and hospitals, during the first Gateway Council hearing on Sept. 27 in which Dr. Domke suggested that industry should have a part in developing air pollution control regulations.

"We agree with Dr. Domke," Cairns said, "that we recommend that this be accomplished through the Interstate Study."

At the same time he recommended that the committee assist local air pollution control agencies in their enforcement program.

Cairns said the control council suggests immediate appointment of such a committee.

At the same time he recommended that the committee assist local air pollution control agencies in their enforcement program.

Among Central Council speakers at the hearing Tuesday were Bruce Kestler, representing Portland Cement Co.; Austin Phelps of Procter & Gamble; J. Wesley Burgess, chief engineer of American Zinc, Lead and Smelting Co.; Herbert J. Weber, director of Safety, Hygiene and Pollution for the American Foundrymen's Society; Edward Roe, plant manager of Great Lakes Carbon Corp.; and William Bradley, Monsanto Chemical Co.

## Plan November Club Activities

Mrs. Eva Burns, Rural Route One, entertained the executive board members and officers of the Granite City Junior Service club Monday evening in her home.

Mrs. Rena James, president, conducted the business session and reports were given by Mrs. Candy Kawalski, treasurer, and Mrs. Audrey Jaros, secretary. A discussion was held on successful projects during the past month, including a white elephant sale at the last meeting and a "flea market."

Final plans were made for a "date party," which will be a dinner dance at Augustine's in Belleville Nov. 5. A white elephant sale will be presented for dancing, and the cost is \$5 per person. Chairman will be Mrs. JoAnne Gaumer, and her committee includes Mrs. Vivian Vaughn, Mrs. Marilyn Bodman, Mrs. Margie Greenendron and Mrs. Carol Shea.

Miss Juanita Bell will serve as chairman for a rummage sale Oct. 29 at 28th and State streets. Her committee includes Mrs. Helen Gieselman, Mrs. Wilma Edgington, Mrs. Eva Burns and Mrs. Jean Ann Vrenick.

Tentative plans were made for the annual Christmas party Dec. 12. Mrs. Vrenick will serve as chairman.

The Nov. 21 club meeting will

## Club Tours

### Pere Marquette

The 1966 pilgrimage of the Cloverleaf Garden Club was made Tuesday, and this year Pere Marquette state park was chosen. Mrs. Fred Orr and Mrs. John Wilson were in charge of the trip which was followed by a luncheon at the Lodge.

An official guide conducted the tour and described the beauties of the park which at this season is at its peak with its rich autumn foliage.

Mrs. Pat Fields reported a profit of more than \$400 realized from a recent rummage sale. Prizes were won by Mrs. Evelyn Tolliver, and refreshments were served by Mrs. Barbara Burgener, Mrs. Heagy Mrs. Mary Svezia, Mrs. Dorothy Koelker and Mrs. Mary Scaturro. Business was discussed at the meeting and plans were made for a turkey social in November and a Christmas party. The group also voted to purchase a record player for the school.

### Parents Meet At St. Mary's

Mrs. Cecilia Pringle was welcomed into St. Mary's Parent-Teacher Association at a monthly meeting held Monday evening. Mrs. Betty Dobrowsky rejoined the PTA. Mrs. Kathryn Butkovich, president, presided and Mrs. Christine Judd, chaplain, led the group in prayer. A bake sale was discussed, with the dates set for Nov. 5 and 6. Thomas Fitzgerald spoke to the group about the mental health tax to be voted on Nov. 8. At the close of the business meeting, refreshments were served by the hostesses, Mrs. Helen Cholevik, Mrs. Sarah Mrs. Polly Tutka and Mrs. Janet Vernon. Also taking part were Mesdames Helen Bisto, Betty Bulva, Dorothy Bergrath, Irene Besserman, Elsie Kmetz, Helen Kulazza, Margaret Kulazsa, Florence Kierski, Mary Ann Bunk, Sophie Leiniewski, Lee Krysan, Lucy Martes, Gerry Mendez, Loretta Focurka, Helen Mooshagian, Gladys Markovich, Fannie Malon, Ruth Ann Planitz, Regina wicz, Rita Barnhart, Irene Stokes, Rosalie Stern, Vera Sikors, Eleanor Tutka, Beatrice Stenitzer, Mickey Votoupal, Josephine Zalenka, Kathy Dohal and Louise Papa. Mrs. Judd dismissed the group with prayer.

### MRS. ROBBERS IS CLUB HOSTESS

Mrs. Joseph Robbers entertained the Neighborhood Club Tuesday at the home of her daughter, Mrs. Lowell L. Hampton, in Glen Carbon. Dinner was served and the afternoon was spent at games. Those present were Mrs. Lyman Elmore and her daughter, Mrs. Arthur Boyle, Mrs. Raymond Goeglein, and Mrs. Arthur Scheller and the hostess, all of Granite City.

### Installation By Ruth Class

The Ruth class of Third Baptist Church met their Tuesday evening for a monthly meeting and installation of officers. Mrs. Mae Hendrickson served as hostess for the evening.

Mrs. Ivan Graklanoff, president, opened the meeting, followed with prayer by Mrs. Mildred Nash. Mrs. Peggy Phillips served as installing officer and gave a short talk on Gen. Lee. The study corresponded with the installation; she used a rope that each officer held during the ceremony, and at the end each cut a piece to keep for the coming year. The officers and class members made plans to "pull together" for the best interests of the class and church. Those installed were Mrs. Thelma Peterson, president; Mrs. Graklanoff, vice-president; Mrs. Julia McLean, secretary-treasurer; Mrs. Jerry Short, reporter and social chairman, and Mrs. Julia Marmack, teacher. Group captains installed were Mesdames Mildred Nash, Vi Wallace, Zowandafay Smolich, Mae Hendrickson and Gladine Avers. Mrs. Mary Byxby will be missionary chairman.

Cards were signed and sent to members of the class and church who are hospitalized. Work was completed on new yearbooks, and plans were made for a white elephant game for the next meeting. The president, Thelma Peterson, presented the members to bring their donations for a Thanksgiving basket to the next meeting Nov. 8 in the home of Mrs. Smolich, 3706 Fair Oaks drive. Mrs. Carmack closed the meeting with prayer. Games were played and prizes were awarded to Mrs. Smolich and Mrs. Jerry Short. Mrs. Hendrickson served a dessert luncheon to those named and Mrs. Helen Redford, Mrs. Naomi Black and Miss Peggy Smolich, a guest. She used a Halloween theme in decorating the serving table.

### Mrs. Miller Lesche Hostess

The Lesche Literary club was entertained Tuesday afternoon in the home of Mrs. Bernard Miller, 2220 Princeton drive. Mrs. Rex Niles, president, was in charge following the pledge to the flag and the club collect. The budget for the year was approved, and new by-laws were accepted. An invitation was read to a tea Oct. 22 given by the Business and Professional Women's club at the Rose Bowl, and announcement was made of a Status of Women meeting at Southern Illinois University's Southwestern campus Oct. 20. Also announced was Federated Day at the State Hospital in Alton Oct. 21. Reports were made of a county meeting held in Roxana and a regional meeting in Mount Vernon. Mrs. Kipling Pellet introduced Mrs. Lee Stevens, who gave a program on the Northwestern states and a history of the hymn of the month, "For the Beauty of the Earth." The next club meeting will be held Nov. 8 in the home of Mrs. John Gordon, 3132 Colgate place, when Mrs. E. E. Veith will present the program.

### 350 Take Part in Scout Camporee

The Uniwah Quad-City Boy Scout district's 1966 camporee at Beaver Dam State Park this weekend attracted 350 boys and leaders.

This year's camporee featured Boy Scout advancement. Earl McMillan, assisted by explorers and scouts, planned and directed a five-mile hike.

Service units for the camporee were Post 12, sponsored by the Niedringhaus PTA, with George Guita as advisor; Post 94, sponsored by the Granite City Steel Management club, with Henry Hellrich as advisor; and Post 86, sponsored by the Maryville school PTA, with Ray Gaudette as advisor.

Activities included instruction in first and second-class advancement. David Parrish of Troop 99 and Glen Hemmert of Troop 13 assisted the explorers with the instruction.

Evening events included invitational campfires. Several units jointly prepared each campfire. After the unit campfires, the leaders met at the camporee headquarters for coffee and a crackerbarrel snack.

Protestant services were conducted at the camporee site by Roger Gruen, and Catholic Scouts attended masses in churches near the camporee.

Activities Chairman John Pelek directed the camporee, assisted by Ed Lorton and G. Rollin Henn.

The following troops attended: Troop One, sponsored by the Venice Lions; Scoutmaster Fred Rumpf; Troop Two, Granite City Association for the Retarded; Scoutmaster Frank J. Kraus; Troop Three, St. John's United Church of Christ Brotherhood; Scoutmaster Lewis P. Labary; Troop Elchi, First Presbyterian Church, Granite City; Scoutmaster Edward J. Yates; Troop 12, Niedringhaus PTA,

### SIU Student Group Seeks Changes on Housing, Vehicles

Two counter proposals to tightened restrictions on housing and use of motor vehicles at Southern Illinois University, Carbondale, have been made by a student group, the Action party, which holds 12 of the 21 seats in the campus Senate.

Proposals listed in a statement issued by the group include:

"All students over the age of 21 will have the right to determine where they will live. Students under 21 may be told by the university where to live only if the parent or guardian does not agree that the minor should be free in his choice of living accommodations."

"The right of the university to control motor vehicles is to be limited only to the campus."

The university this year placed motorcycles into the same restricted category as automobiles because of an increasing accident rate. It also objected to use of high-cost off-campus apartments for student use.

As a reaction, some students have boycotted the University Center, and the Action party has moved its records out of the Student Government office.

According to the statement, "Now is the time to start in a major way to gain the status, dignity and equality deserving of mature-acting citizens in a democratic society. We must not fail ourselves and other students by making mistakes that would relegate us again to a second-class citizenship."

Self-confidence may be half the battle, but the other half cuts down on the percentage.

## SOCIETY

### Vietnam Vets' Wives May Enroll

The American Legion Auxiliary 113 met last night with Mrs. Pauline Birks, president, in charge.

The membership chairman announced that wives, mothers and daughters of Vietnam veterans are now eligible for membership. Mrs. Ada Dishong, child welfare chairman, reported ten boys sponsored by the county organization were now at Bennett Cottage in Normal, Ill. A contribution was made to purchase a stereo for the cottage.

Mrs. Mabel Wade, who returned recently from Korea, entertained the group with an account of her trip. A report was made of the recent district meeting by Mrs. Loretta Goeller, and there was an announcement of the next county meeting to be held in Alton Oct. 19. Also the next regular meeting at which there will be a pot luck supper at 6:30 followed by a Halloween party.

Prizes in games were won by Mrs. Kitty Morris, Mrs. Dorothy Best, Mrs. Dorothy McCain and Mrs. Pauline Birks. The special award went to Mrs. Alma Klaus. Refreshments were served by the hostess, Mrs. Cecelia Matciki.

### Eagles Auxiliary Honors Miss Roy

The Eagles Auxiliary met Tuesday evening and honored the Auxiliary "mother," Miss Sylvia Roy, on her birthday. The guest of honor was escorted to the altar and presented with a gift from the president, Mrs. Margie Hall, and with individual gifts from the members.

The meeting opened with prayer by Mrs. Janet Hagnauer, chaplain, and Mrs. Hall conducted the business of the group.

A report was given by the sick and welfare chairman, and plans were made for serving the banquet Saturday evening for the basketball team sponsored by the Eagles.

Mrs. Frances Steinman, Mrs. Helen Frazer and Mrs. Lucy Williams served refreshments from a table decorated in aqua marine and white by Mrs. Fay Briggs. The floral centerpieces and place mats carried out the same color scheme. Birthday cakes were baked by Mrs. Flo Hillis, Mrs. Mae Amish, Mrs.

### Halloween Theme Of Madison Club

The Madison Junior Service club met Tuesday evening at the Madison recreation center. Mrs. Adrienne Warchol, president, presided over the monthly meeting and the roll was called by Mrs. Rita Barnhart.

Miss Jeanette Tritan read a report, Mrs. Judy Donaldson gave a financial report and Mrs. DeLoyle Richards read correspondence.

Projects were discussed and further information to be given at the next meeting. Plans were made to sponsor a Girl Scout troop. Donations of \$15 for the United Fund and \$20 for the Easter Seal Society were voted. It was announced that the Collinsville Junior Service club is holding a "winter wonderland of fashions" Nov. 3 at Webster school in Collinsville.

The annual dance given by the club members is to be held April 1, with Mrs. Jean Voelckel, chairman and Mrs. Barnhart and Mrs. Doris Paterson as co-chairmen.

Hostesses, Mrs. Glenn Vaughn, Mrs. Barnhart and Mrs. Donaldson, served refreshments. The Halloween theme included witches, pumpkins and jack-o-lanterns. Each received a treat bag.

Others present were Mrs. Billie Bosworth, Mrs. Ruth Fanning, Mrs. Jackie Frizell, Mrs. Sharon Gregg, Mrs. Loretta Hylla, Mrs. Rita Lybarger, Mrs. Alberta Mikolazuk, Mrs. Marcella Obranovich, Mrs. Marilyn Schaffner, Mrs. Julia Voticki and a sustaining member, Mrs. Helen Daley.

### Talk on Mental Health Given PTA

A talk by a representative from the Madison County Mental Health department was a feature of the meeting Monday evening of the Washington School PTA.

Mrs. Erma Bishop, president, was in charge and 119 members and guests attended.

Following the program, Mrs. Bernice Pyle, school nurse, explained the threat cultures being given the children with the consent of the parents.

The principal, Fred Noeth, introduced the teaching staff and discussed the program for selling a book sales. Announced was the Education Week open house to be held in November. The reports of the secretary and treasurer were read and approved and prizes were awarded to Mrs. Ollie Wilson and to Mrs. Raymond Fryntzko, the latter for the room count.

### Election Held By Hilltoppers

The Hilltoppers of St. John United Church of Christ, meeting Tuesday at the church for a pot luck luncheon at noon, elected the following new officers:

Harry Brinkhoff, president; Mrs. Abner Branding, vice-president; George Willard, treasurer. Mrs. John McComis will assist the officers in arranging the programs for the year.

Rev. Paul Surbey, pastor, led the devotional service, and the speaker was Leo H. Konzen, local lawyer, who explained the proposed Illinois Revenue Article amendment.

Twenty-four were present.

### Program on UN For Love Circle

Love Circle of the Women's Society of Christian Service of Niedringhaus Memorial Methodist Church presented the program at a monthly meeting Tuesday evening in Wesley Hall of the church.

Mrs. Ray Henley is leader of the Circle, and the program, directed by Mrs. Warren Simpkins, was entitled "Living in the World of Nations," a study of the United Nations and its importance in the changing world of today. Reports on United Nations activities were given by Mrs. James Williams, Mrs. Harold Briggs, Mrs. Gerald Bushue, Mrs. Walter Mathis, Mrs. Myra Godell and Mrs. Donald Bright.

Participating in a United Nations question and answer period were Mrs. Elmo Hinson, Mrs. Velva Pieper, Mrs. Mildred Carper and Mrs. Esther Langolf. Mrs. Elmer Prohardt read the Scripture lesson. The group sang a hymn, accompanied by Mrs. Russell West, and there was a special display of United Nations material and a United Nations worship center arranged by Mrs. James Williams and Mrs. Walter Mathis.

Mrs. Simpkins concluded the program by presenting a motion picture entitled "Overture." The story was given entirely through visual image and music with no words spoken. Beethoven's "Egmont Overture" provided musical background for the entire film. Mrs. Wesley Helms had the closing prayer.

A business session was conducted by the WSCS president, Mrs. Harold Briggs, and final plans were made for the annual bazaar Nov. 18.

Patience Circle was hostess for the meeting. Mrs. Harold Lynn is Circle chairman.

MRS. MILLER IS CLUB HOSTESS

Mrs. Mary Miller, 4207 Maryville road, entertained the Ace High Club last night, and prizes were won by Mrs. Wenna Kibort, Mrs. Ruth Orr, Mrs. Miller and Mrs. Helen Bowles.

A dessert course was served from a table appointed in the Halloween colors to six members and two guests. Mrs. Darlene Simpson and Mrs. Henrietta Odum.

FAMILY PICNIC FOR KU CHAPTER OF P.E.O. held a family picnic at Wilson Park Tuesday evening, followed by a brief business session.

The next meeting is to be held Oct. 24 in the home of Mrs. Willard. Mrs. Bess Spolding will report on a seminar she attended in September at Cottey College in Nevada, Mo.

## Madison Lions Sponsor Peace Essay Contest

The Madison Lions Club will sponsor local entries in the Lions Club International's Peace Essay Contest, Averschermeyer, chairman, announced this week.

The contest is open to all youths in the Quad-Cities who are 14 years of age and under 22 as of Jan. 15. The contest was initiated to generate an awareness and understanding of peace among tomorrow's leaders, Schermer said.

Serving as judges will be As-

## SIU Accepting First Requests for Admission

With the new year barely three weeks old, Southern Illinois University's admissions office at Carbondale has already sent out a 1967 alert to high school seniors.

Admissions Director Leslie Chamberlin said seniors planning to attend SIU next fall should start acting now. First step is a request to the office for an admissions packet. Additional information will be returned by mail.

## Judy Reidelberger to Play at Football Game

Miss Judy Reidelberger, daughter of Mr. and Mrs. Frank Reidelberger jr., 124 Klein street, Venice, is a member of the marching band at Eastern Illinois University, Charleston, where she is a freshman.

She will make the trip with the Panther band Sunday to Busch Memorial stadium to play during pre-game and half-time festivities of the Cardinal-Dallas professional football game.

A 1966 graduate of Venice high school, where she was valedictorian, she participated in numerous activities during her four years of high school. During the last two, she served as the Press-Record school correspondent for the Youth Focus section. In college she is majoring in mathematics and minoring in music.

Students still in high school can be granted admission to SIU on a tentative basis, subject to completion of high school work. The Carbondale campus admissions office is open from 9 a.m. on weekdays and 8:30 a.m. to noon on Saturdays.

## Jr. College Students May Apply Now for SIU

Junior college students expecting to be graduated this winter can apply now for admission to Southern Illinois University, Carbondale.

Admissions director Leslie Chamberlin said an "early decision" plan used at SIU enables prospective graduates of junior colleges to be granted tentative admission at SIU on the basis of three semesters of work. A complete transcript and verification of graduation can be submitted later.

The plan helps SIU spread the heavy flow of winter term applications more evenly and also enables junior college students to make advance arrangements for continuing school, Chamberlin said.

Chamberlin said 50 two-year SIU scholarships are available each year to deserving Illinois junior college graduates.

## Venetian Yearbook Earns 'A' Rating, Gold Certificate

The Venetian yearbook of Venice high school has earned the score of "A" for the year 1966 in the annual critical services sponsored by the National School Yearbook Association.

The organization grades more than 100 publications a year from schools and colleges all over the country and in Canada and other foreign countries.

Scores range from "C" (poor to average) to "A++" (special excellent or highly superior). "A" is regarded as excellent. The school received a gold-bordered certificate with "special merit" designation.

It is the second consecutive year that the NSYA has rated the Venetian as an "A" book.

Editor of the 1966 edition is Judy Reidelberger, a 1966 graduate now attending Eastern Illinois University, Charleston. Other members of the seven-member staff are Judy Austin, Charlene Dumas, Kay Willis, Mary Jane Gray, Barbara Manier and Linda Seibert. Mrs. Barbara Williams is the faculty advisor.

## Wesleyan Homecoming Set Friday, Saturday

"What's Been Going On Here?" will be the theme of Illinois Wesleyan University's Homecoming Friday and Saturday, Oct. 14 and 15. Campus decorations will emphasize changes now taking place at Wesleyan.

A highlight of the two days of activity will be the dedication at 3:45 p.m. Saturday of Munsell Hall dormitory and the Memorial Student Center addition. This project completed in September cost \$2.8 million.

## Sadler Touring Europe With 'Rolling Stones'

Herb Sadler, son of Mrs. Mable Sadler, 1512 Second street, Madison, currently is on a tour of Europe with the "Rolling Stones" of England.

He is being featured as lead guitarist for the Ike and Tina Turner revue and is being dubbed as one of the best rhythm and blues rock-and-roll guitarists to have visited England. He has been gone the past two weeks, and the tour is scheduled to continue until Oct. 24.

## Miss Fernandes Chosen As Queen Candidate

Judith Fernandes, formerly of Granite City, is among 10 coeds at Illinois College, Jacksonville, Ill., currently in a tour of the varsity football team as candidates for 1966 Homecoming queen. She is majoring in history.

In campus-wide elections now being held, one will be elected with two attendants to reign over the three-day festivities which begin next Thursday. Festivities will be topped by parade and a griffin battle with the Culver-Stockton Wildcats.

## ISU Counselors to Visit High Schools in State

Members of the faculty at Illinois State University, Normal, soon will begin a fall program of admissions counseling for potential college students in high schools throughout the state.

Thirty-five persons will travel in 36 counties to present information about ISU to high school seniors and seniors and their parents. Coming here will be Dr. Howard J. Ivens, director of admissions and records.

## GC Coed Initiated

Marilyn Jean Shepard, 2422 Edison avenue, has been initiated into Phi Kappa Theta sorority at Central Methodist College, Fayette, Mo.

## Manpower are Increasing

The national demand for manpower and womanpower now is larger than any time in the last decade, declares Royce R. Bryant, director of Placement Services at Southern Illinois University and president of the College Placement Council, an organization representing placement officials of U. S. and Canadian educational institutions, business, industry and government.

Bryant has just returned to Carbondale from a three-week swing into Texas, Pennsylvania, Colorado and New Hampshire attending regional placement conferences, where he took soundings from placement spokesmen on the outlook for 1967 college and university graduates' job opportunities.

"Most placement directors expect the biggest demand for college-trained personnel we've seen in the last decade," he said. "Unanimously, they reported ever-increasing numbers" of requests for interviews with graduating seniors and those expecting to receive advanced degrees.

"Many of them say that by commencement time last June they had 70% of their normal interviewers booked for the current year."

Bryant attributes the tight personnel market to military demands, the students' uncertainty over the draft and their desire to take graduate work.

SIU's interviewing season will open Monday with a record number of business, industry and government representatives booked to hold interviews with graduating students. Representatives from public schools, colleges and universities will start in January and run through the spring quarter and on into the summer, he said.

## 'Y' Teen Town Dances Averaging 450 Youths

Saturday evening Teen Town dances at the YMCA are attracting an average attendance of 450 youths this fall, Brian Bronsman, youth director, announced.

Teen Town membership income is up 376% over two years ago and 186% over last year's nine-month period, he added.

Bronsman said preliminary plans are under way to hold a special New Year's Eve dance.

## Attend Education Meet

Pat Crump of Granite City, a member of the Oakland City College Student Education Association, Oakland City, Ind., recently attended a state conference of the Indiana Student Education Association in Indianapolis. His group was given an honor chapter plaque for outstanding activity.

## Coast Guard Academy Deadline Set Dec. 15

The U. S. Coast Guard is reminding Quad-Cityans that Dec. 15 is the deadline to submit applications to compete for appointment as cadet.

The 91st annual competition for admission to the Coast Guard Academy at New London, Conn., will begin with the Dec. 3 administration of the College Entrance Examination Board Tests.

Appointments are made solely on a competitive basis, with no congressional appointments or geographical quotas. Application deadline for the tests is Nov. 1.

## Roca to Wax Autos On Saturday at Park

The Roca Young Men's Club will hold a car wax from 9 a.m. to 6 p.m. Saturday on State street adjacent to Wilson Park, according to plans made at a meeting Tuesday night at the Moose lodge.

The cost will be \$5 per auto, and tickets may be purchased from any member. Proceeds will be used to help finance club activities.

## Named to Student Senate

Pam Parkinson, daughter of Mr. and Mrs. Charles Parkinson, 2708 Madison avenue, was one of 28 students elected to the Student Senate week at Illinois State University, Normal, to serve during the 1966-67 school year. Only full-time students in good standing are eligible for the senate posts.

## Area Teachers to Attend Conferences on Friday

Quad-City teachers will attend eighth annual meetings of the American Federation of Teachers at East St. Louis or the Illinois Education Association at East St. Louis on Friday. Classes will be dismissed for the day.

The Southwestern division of the AFT will hold its education conference in the auditorium of East St. Louis senior high school. Principal speakers will be Ray Page, state superintendent of public instruction, and Donald M. Prince (D), a candidate for the same office in the Nov. 8 general election.

The program will begin at 8 a.m. with serving of coffee and doughnuts. The meeting will be opened at 8:30 a.m. by Charles

a.m., and Page will be introduced at 10:30 a.m.

After a 15-minute intermission at 11 a.m., entertainment will be provided by the Madison high school band directed by William Ledbetter, Rex Carr, East St. Louis lawyer, will close the program at 11:35 a.m.

## IEA Conference

The Marquette division of the IEA will open its meeting with a call to order at 9 a.m. Rev. Raleigh Gordon, First Baptist Church, East Alton, will give the invocation, followed by presentation of the flag, the "Star-Spangled Banner" and a welcome by Dr. Nels H. Havens, superintendent of the host school.

Principal speaker will be Robert St. John, foreign correspondent and author, who will talk on "The Headline Makers" at 10:45 a.m.

The first talk will be presented by Rev. Herbert Harrison, pastor

of the Asbury Delaware Methodist Church, Buffalo, N. Y., on "Today's Keys for Tomorrow's Doors."

St. John is scheduled for a 45-minute talk following a coffee break at 10:20 a.m. Musical selections will be presented by the choir of the host school at 11:30 p.m., followed by discussion groups to continue until 11:45 a.m. Presiding at the meeting will be Mrs. Martha H. Ayers, division president.

## Discussion Groups

Consultants among discussion groups will include M. A. Wittengel, Granite City, on industrial arts and technical education; Miss Barbara Kerch, Granite City, on elementary physical education; Eugene Aias, Granite City, on art education; and Joseph Naglich and Harold Briggs, Granite City, on legislation.

## 2 UF Agencies Care for Unwanted Children

Two Tri-Cities United Fund Some remain for just a few months, while others reside there for several years. Everything in agencies, dedicated to assisting unwanted children, those from needed for boys, natural and in- unable or unwilling to provide proper care, are the Illinois Chil- dren's Home and Aid Society and Boys Town of Illinois. Both agencies receive separate allocations of \$8000 from the local United Fund drive.

Proper direction, care and complete main- tenance and ed- ucation are located at 10 East Broadway in available to Alton. Services offered by the United Fund agency include medical and pre-adoptive care for infants, se- lection and investigation of adop- tive homes and advice for pro- spective parents, seeking an adopted child, on the special problems they will encounter. Re-

Through facilities at the home, qualified staff members headed by Supr. C. H. McKinnis, pro- vide many services to neglected youths, including living quarters, food, education, clothing, enter- tainment and medical and dental care. A number of Quad-City children were housed at the home in the past 12 months. Friendly Supervision. Helpful, friendly supervision of- fered by staff members aids in preventing down-hill progress to- ward delinquency frequen- tly found in disturbed neglected boys. Most of the children are placed in the home by county courts in this area of the state.

## Walker Attends OEO Conference

David L. Walker, director of the Tri-Cities Economic Opportunity office and assistant director of the Madison county anti-poverty program, returned this week from the University of Wisconsin, at Madison, Wis., where he attended a one-week OEO orientation conference.

Approximately 80 anti-poverty community action administrative personnel, who participated in the seminars, represented the Great Lakes OEO regional area of Michigan, Wisconsin, Minnesota, Illinois, Indiana and Ohio.

The Great Lakes region, one of seven OEO designated regions in the nation, was responsible for initiating the largest number of anti-poverty programs and receiving the greatest amount of federal funds within the past 12 months.

Sponsored by Wisconsin University's extension service "Center for Action on Poverty," the conference was designed to provide resource material and facts aimed at four principal areas of concern to national, state and local economic opportunity program leaders. The four areas, covered primarily in the discussions, included health, manpower, education and neighborhood centers.

Program outlines and progress reports were presented by William Downs of Washington, D.C., director of OEO training and technical assistance to "Sargent Shriver, OEO director; and Mason Morfit, director of the Institute for Regional Development, Ohio University. Other sessions were led by consultants from the Great Lakes regional office, Chicago, and University of Wisconsin faculty members.

Those attending also participated in a question and answer session, via a telephone conference call, with Shriver in Washington. Eight major universities throughout the country currently are sponsoring similar programs with each holding five consecutive weekly conferences. Walker was accepted for the seminar after his name was submitted by Maurice S. Harris, Madison County EOC director.

## Hit-Run Driver Caught By Victim, Arrested

Joseph S. Hall, 45, of 2037 Dewey avenue, was arrested by Madison police at 1:05 a.m., Tuesday following an accident in the 1100 block of State street in which Hall's car struck two parked vehicles.

Police said Hall left the scene of the accident, but was overtaken by the driver of one of the damaged cars and taken to Madison police headquarters.

According to the police report, Hall was headed north on State

street when his car struck a parked pickup truck owned by Teddy S. Kiefer, 2001 Washington avenue, and then hit the parked car of Harold W. Lohman, 223 Reynolds street, Madison. Officers said Lohman gave chase and overtook Hall in West Granite and took him back to Madison.

Hall was charged with reckless driving and leaving the scene of an accident. Hearing was set for Oct. 12.

## Dram Shop Suit Filed Against Two Taverns

A \$20,000 dram shop suit has been filed against Maurice McGrew, doing business as Dan's lounge, and Gladys Strober, doing business as the Kracker Box, both of State Park Place, for James Richard Baucum, a

minor, by his mother, Bernice Baucum.

The complaint alleges that young Baucum and another youth, Arthur Plantz, became intoxicated in the two establishments the night of Nov. 12, 1965, and early the next morning, an auto driven by Plantz overturned on Highway 157 in Caseyville, causing injuries to Baucum.

#### United Fund Information

### Answers to Most-Often Asked Questions

Answers to questions most often asked volunteer workers taking part in the current \$367,000 campaign of the Tri-Cities Area United Fund were supplied this week by Robert McCormick of the UF's AFL-CIO Community Services office.

McCormick said he believes the review is necessary to aid

the volunteer solicitors in making their rounds to seek pledges and donations for the United Fund agencies.

The workers readily supply the information sought by individuals, but here is a quick rundown on those questions most frequently asked, McCormick said.

#### What is the United Fund?

It is a voluntary organization of local area citizens that conducts an annual fund-raising campaign. This year it will help support 22 health, welfare and recreation agencies.

#### Who is helped?

United Fund agencies offer their services to all who live or work in the Quad-Cities community. One of every four people in the area used United Fund services last year. In addition, the work of these agencies helps make the community a better place in which to live.

#### What services are provided?

United Fund agencies are engaged in research and treatment of physical and mental illness, strengthening family life through counseling, in character building and programs of recreation and count-

selling for youth and in offering protection and care for children and the aged.

#### Why do agencies charge dues or fees?

Membership dues help meet program costs only. Dues for youth programs, such as scouting, the YMCA, etc., are minimum to provide services to as many youngsters as possible. Other agencies adjust service fees according to a person's ability to pay.

#### No one is denied service because he cannot pay.

Who distributes the money? Committees of citizens like you set standards and policies, determine the campaign goal based on minimum agency needs and carefully budget the funds to the agencies.

#### How much is spent on fund raising?

About 1 1/2 cents per dollar is spent on fund raising. The amount spent here is among the lowest of all United Funds in the programs of recreation and count-

#### But, isn't this a time of prosperity?

Prosperity does not cure personal needs. A growing population has increased the demand for services. The age groups under 17 and over 65, most in need of United Fund services, have increased more than 44% in the past decade.

#### What about increased government spending?

The anti-poverty program serves entirely different needs. It deals with educating, re-training and motivating the poor. It does not deal directly with health, welfare or youth services, nor does it apply to all income groups. The United Fund provides services generally not available elsewhere to all who need them regardless of income.

#### Why are there still separate drives?

Any genuine national or local agency that can show it serves a real community need may become a United Fund member, if it meets service standards and agrees to have its budget approved by citizen committees. The United Fund cannot force an agency to join. Only the contributors choice of which group to support will influence the number of campaigns conducted.

### Press-Record Honored By GC Kiwanis Club

A certificate of appreciation was presented to the Press-Record at a weekly dinner meeting of the Granite City Kiwanis club Monday night at the Rose Bowl.

The certificate, signed by Kiwanis International President R. Glenn Reed Jr. and President Robert E. Jellen and Secretary Alvin Gross of the local club, recognized "the splendid service which this newspaper and other newspapers of the U. S. and Canada have rendered our two nations throughout the years."

"For accurate, comprehensive reporting of news, for generous and unrelenting support of community activities, for fostering patriotism, for fearless and independent editorial opinion and for unrelaxed vigilance in safeguarding the basic liberties of free speech, we tender our sincere gratitude on the occasion of National Newspaper Week," the citation concluded.

It was presented by Roy Graham and President Jellen and accepted for the newspaper by William F. Winter, Press-Record assistant editor, who addressed the club on changes taking place in the communications field and newspaper industry. He was introduced by Melvin Gillie, program chairman.

Plans were completed for a "ladies' night" dinner meeting at 7 p.m. next Monday at the Rose Bowl. Allen Jesse will be program chairman.

### Call Bids on FA 151 Overpass, Grading

The Illinois State Highway Department at Springfield has called bids on almost a million dollars worth of work on Federal Aid Route 151, the Great River Road. The proposals are to be opened Oct. 28.

Request for bids was included early this week in the highway department's October bid call on highway projects throughout the state.

The projects on which contract offers were requested includes construction of an overpass at the Illinois Terminal Railroad crossing west of the A. O. Smith Corp. plant at an estimated cost of \$300,000; grading of three and a half miles of right-of-way from just north of West Pontoon road to Niedringhaus avenue in Granite City at an estimated cost of \$397,000 and grading of a quarter-mile stretch of right-of-way from the end of the dual highway to a point north of West Pontoon road at an estimated cost of \$39,000.

The grade separation project and the grading and drainage work were scheduled for construction this year as the only work to be done on the Great River Road.

#### Decency Charge Filed

Robert Paul Civar, 22, of 3815 Pontoon road, was arrested at 7 a.m. Tuesday on a charge of public indecency. The complaint was signed by William Brandt, assistant state's attorney.

#### Kiddie Rides Damaged

Two kiddie rides owned by the Swanson Amusement Co. at Grant's store were damaged when thieves attempted to pry open the coin boxes. It was reported to police Monday.

#### Man Pleads Innocent

Rodney Rusick, of 1835 Sixth street, Madison, pleaded innocent to a disorderly conduct charge Monday in magistrate's court and was released pending a hearing on Saturday. He was arrested last Saturday by Granite City police.

#### Parking Lot Accident

An auto driven by Ervin Mabry, 2143a Edison avenue, backed into another owned by Donald A. Devine, Collinsville, parked on a lot in the 900 block of Niedringhaus avenue at 5:35 p.m. Monday.

#### Driver Fined, Jailed

Leandrew Lee Moore, 38, of Brooklyn, has been fined \$100 plus \$5 and costs and sentenced to 10 days in jail at a magistrate's hearing on a charge of driving without a license. The charge was filed Sept. 29 by Granite City police.

#### Young Driver Fined \$100

Calvin L. Stevenson, 19, of 2024 Skeen street, Madison, was fined \$100 plus \$5 costs and sentenced to seven days in jail Monday in magistrate's court on a charge of driving without a valid operator's license.

## Close Main Canal Lock For Repair, Paint Job

The main lock of the Chain of Rocks canal has been closed to river traffic for major repairs and will remain closed until mid-winter, the U. S. Army Corps of Engineers said Wednesday.

Work on the lock, which includes modification of the lower sill, repair of lock walls due to damage and wear, and painting of the lock and walkway bridge, is being done by A. H. Seebold Co. on a bid of \$162,887. Under the contract the work is to be completed in 100 days which, Army Engineers pointed out, will keep the main lock out of operation until late December.

All river traffic will be channelled through the 600-foot auxiliary lock during the period the main lock is drained and under repair.

## State Capital NEWS

### State Wars on Drugs

Cooperation between the Illinois Division of Narcotics Control and various governmental agencies, both state and federal, was emphasized in a recent report of Joseph J. Healy, superintendent of the division, to Ross V. Randolph, director of the Department of Public Safety.

Supt. Healy reported that division inspectors arrested 26 persons, conducted 13 registrant investigations and 49 non-registrant investigations. The 13 registrant investigations were of physicians, pharmacists, wholesalers and others required by law to be registered with the state and licensed to deal in, handle or dispense narcotics in any form.

One of the seven persons convicted in August for various violations of the narcotics laws was

sentenced to a 15 to 30-year penitentiary term for the sale of heroin.

### History Shown by Art

A series of 12 paintings by nationally known historical illustrator Robert Thom will be one of the highlights of Illinois' 150th birthday celebration in 1968, 18-year period.

Ralph Newman, Illinois Sesqui-centennial Commission chairman, has announced.

The paintings, depicting key events in the history of Illinois, were recently commissioned by Illinois Bell Telephone.

"They are best known for the series of 35 illustrations of the 'History of Medicine and Pharmacy' he painted for Parke Davis over an 18-year period.

The first painting will be completed by the end of this year. Seven more will be produced in 1967, and the last four by early 1968.

Annual regional conferences sponsored by the Division of Community Services of the Illinois celebration," Newman said, "will be scheduled for October and November at various locations, rendering physical details should Dates of regional conferences

## Revenue Article Would Permit Some State Sales Tax Exemptions

(Taxpayers Federation of Illinois)

With the demand for more revenues to finance the activities and services of state and local governments, the Supreme Court of Illinois was called upon in the 1930s to determine the specific limitations upon the taxing power of the state.

In 1932 the Supreme Court held for the first time (Bachrach v. Nelson) that Section 1 of Article IX of the present State Constitution, in "providing that the General Assembly should raise all needed revenue by levying property taxes on an ad valorem basis, with the exception of a tax on occupations, franchises and privileges," limited the power of the General Assembly to raise revenue to: "(1) property taxes on a valuation basis; (2) occupation taxes; and (3) franchise and license taxes."

Following this decision, the General Assembly, at its 1933 session, enacted the present Retailers' Occupation Tax, which imposes an occupational tax upon persons engaged in the business of selling tangible personal property for use or consumption.

**Occupation, Franchise Taxes**  
Over the years, the legislature has imposed various other occupation, franchise and privilege taxes, such as the Inheritance, Motor Fuel, Use, Cigarette, Public Utilities, Franchise, Horse Racing, Liquor and Insurance Taxes.

What does the Nov. 8 Revenue Article amendment provide as to such taxes?

Section 2 of the proposed revision provides that the General Assembly may levy a tax on the levy of occupation, sales, use, inheritance, privilege and franchise taxes, uniform as to the objects and subjects taxed within

the jurisdiction of the authority levying the tax, and uniform as to exemptions from any such tax. Any such tax on or measured by gross receipts shall be non-graduated and shall be imposed uniformly upon persons and corporations.

The intention of the Revenue Article drafters to accomplish these objectives in Section 2 of the proposed:

**True Sales Tax**  
(1) To continue the legislature's present authority to levy occupation, franchise and privilege taxes, and to add thereto the power to levy sales and use taxes. This would permit replacement of the present R. O. T. with a true sales tax.

(2) To grant the legislature the power to make uniform exemptions from such non-property taxes.

The intent was to allow the General Assembly to exempt from a sales tax the purchases of food and medicine, such sales under the R. O. T. presently account for about 27% of the receipts from such tax.

(3) To permit the legislature to continue to levy, if it so wishes, occupation and privilege taxes measured by gross receipts.

**Pension Fund Exemptions**  
The amendment proposal continues the authority in the legislature to make the present exemption from occupation taxes on pension funds, and to add thereto the right to exempt intangible personal property and the income therefrom held for purposes of providing pension or welfare benefits.

"Little of such property holds the promise of a return, and many of such pension funds reside in the banks of other states while the threat of taxation remains in Illinois."

ed. In contrast, all of the original program is to be

voiced this year, with the exception of two de-

letions.

One deletion is the treatment plant, which has

since been built. The other deletion is the inter-

ceptor lines, which are no longer needed because

the bulk of Granite City's sewage has been

diverted. With this diversion, present combined

sewers in older sections of the city will be large

enough to handle sanitary sewage.

All major objections to these four years

ago have now been remedied. For example, there

will be pipe sewers instead of the open drainage

ditches originally contemplated.

Thanks to federal participation, it is now

possible to include not 50% but virtually 100% of

the needed drainage relief. Stormwater lines are

to be provided for North Granite. Complete storm

drainage is to be provided for the Sixth and

Eighth Wards. Sewer and lift station overloading

in the Sixth and Seventh Wards is to be ended.

There is to be full separation of storm and san-

itary lines everywhere, conforming to new re-

quirements.

## 3 Months Needed to Arrange For Getting Social Security

Quad-City area residents approaching their 65th birthday are urged to visit their social security district office approximately three months before their 65th birthday, Ralph Brasher, social security district manager in East St. Louis, announced today.

Brasher said that 120,000 Americans reach 65 each month. He estimated that 600 of these live in the area served by his office, and "are vitally affected by the medicare enrollment provisions."

According to Brasher, the enrollment period for signing up for doctor bill insurance is a seven-month period spanning three months before the month in which age 65 occurs through three months after the 65th birthday month.

Brasher warned that persons will have medical insurance coverage effective at the earliest possible month (65th birthday month) only if they sign up in one of the three months before the month of their birthday. Those signing up in the month of

their 65th birthday or in one of the following three months will not be protected for one to three months after they enroll.

The area Social Security office is located at 435 Missouri avenue, Room 300, East St. Louis. The phone number is BR 4-2200, Extension 328.

### PROCLAMATION

**National Business Women's Week**

WHEREAS, working women constitute 25 million of the nation's working force and are constantly striving to serve their communities, their states and their nation in civic and cultural programs, and

WHEREAS, major goals of business and professional women are to help create better conditions for business women through the study of social, educational, economic and political problems; to help them be of greater service to their community; to further friendship with women throughout the world; and

WHEREAS, all of us are proud of their leadership in these many fields of endeavor;

NOW, THEREFORE, We, the mayors of the Quad-Cities, do hereby proclaim Oct. 16-22, 1966, as **NATIONAL BUSINESS WOMEN'S WEEK**, sponsored by the National Federation of Business and Professional Women's Clubs, Inc., and urge all citizens of the Quad-Cities and other community organizations to join in this salute to working women by encouraging and promoting the celebration of the achievements of all business and professional women as they contribute daily to our economic, civic and cultural purposes.

## New Illini Apartments Ready for Occupancy

The Illini Apartments, a new Granite City luxury apartment development, are now ready for occupancy, it was announced Tuesday. Realtors and managing agents for the project is Morris Realty Co., Granite City.

Located on landscaped grounds which include a playground area, the apartments feature French Provincial architecture with private balconies for all except patio-level units.

The apartments are in the Briardale area at Briardale and Briardale just off west Pontoon road and Route 203. They feature all-electric kitchens with split-level terrace-top ranges, exhaust canopy hoods, large refrigerators with freezers, garbage disposal and walnut-finished cabinets.

The apartments also are provided with wall-to-wall carpeting over special sound-proof flooring, genuine plaster walls and ceilings and double partitions between apartments provide a maximum degree of soundproofing for complete privacy.

One and two-bedroom plans are available and children are welcome. A display apartment is open from noon until dusk daily.

Architect for the project was Anthony Cluffa with Lyken Services as general contractor.

## Canlon Brothers are Navy 'Copter Crewman

Aviation Machinist's Mate Second Class James E. Canlon and Aviation Electrician's Mate Third Class Harold L. Canlon, USN, sons of Mr. and Mrs. Frank B. Canlon of 2704 Boston ave., have been designated Navy Aircrewmen for Special Duty Helicopters during ceremonies at the Air Elyson Field, Pensacola, Fla.

The event is the culmination of intensive application on their part while undergoing academic, military, physical and flight training. Their efforts during this training have been directed toward the attainment of Navy Aircrew "Wings."

## Canal Freight Tonnage on Way To All-Time Record

Freight shipments through the Chain of Rocks canal locks during September dropped 378,628 tons below the August tonnage, but total shipments for the first nine months of 1966 still are 3,389,152 tons above that of the same period a year ago and headed for an all-time yearly record.

Tonnage passing through the locks last month totaled 3,384,657 tons of all types of freight going both up and down river. In August, shipments passing through the locks aggregated 3,743,285 tons.

Last month's shipments, however, were substantially above the 2,976,243 tons passing through the locks in September last year. Shipments using the canal locks have been increasing steadily during the past year and a half and have established several all-time records. The total 1966 freight shipments is expected to exceed the total of any previous year since the locks went into operation in 1954.

September's shipments increased to 26,400,000 tons the total amount of freight passing up and down river through the Chain of Rocks canal so far this year, compared to 26,399,323 tons during the same period of 1965. Last month's tonnage included 1,894,475 tons of freight passing upriver and 1,493,400 tons moving downriver. In August, 1,833,750 tons of freight moved upriver and 1,909,535 tons downriver.

**September Movements Drop**

The report of the U. S. Army Engineers for September shows that a total of 4745 vessels passed through the locks during September, compared to 4626 during September a year ago. The 4745 vessels required 887 lockages, compared to 783 during the same month a year ago.

Vessels passing through the locks in September included 783 towboats, seven small craft, 17 passenger boats, 3626 barges, 282 private recreation boats, four

government tow boats, nine government barges, two government small craft and five patrol boats. These increased to 42,215 the total number of vessels to use the locks so far this year, compared to 38,213 using the locks during the same period in 1965.

The 897 lockages during September increased to 7510 the total for the nine months of the year. Last year during the same period there were 6623 lockages.

**Some Government Freight**

The engineers report showed that of the total tonnage passing through the locks in September, 3,383,875 tons were commercial freight and 800 tons in government freight.

Freight going through the locks last month included: petroleum products, 499,300 tons upriver and 240,700 tons downriver; grain, 3900 tons up and 1,074,400 tons down; cement, sand and gravel, 9100 up and 7200 down; sulphur, 29,000 up and 100 down; miscellaneous commodities, 342,925 up and 27,800 down; iron and steel products, 20,750 up and 73,900 down; chemicals, 210,850 up and 44,100 down.

The number of vessels passing through the locks during the first three-quarters of the year include 6973 towboats, eight small craft, 35 passenger boats, 32,381 barges, two U. S. contractor boats, 228 private recreation boats, 39 government towboats, 251 government barges, 24 small craft, one construction boat and 92 patrol boats.

### Attends Funeral Of Father

Mr. and Mrs. Arley Burum, 2829 East 27th street, with their son-in-law and daughter, Mr. and Mrs. Robert James, 3234 Westchester drive, were in Marion, Ill., Monday to attend the funeral of Mr. Burum's father, Harvey Burum, 85, who died Friday after a long illness.

Burial was in Shiloh Cemetery.

## Plan for 400 at Demo 'Champagne' Dinner

Plans are being made to accommodate 400 patrons at a "Champagne dinner" to be sponsored by the Madison County Democratic Central committee Sunday evening to raise funds for the November election campaign.

A cost will be \$25 per person for a dinner, complete with champagne, an evening of social entertainment and dance music. There will be no speaking.

Walter T. "Buck" Simmons, chairman of the Democratic committee, said the affair is planned strictly for the purpose of raising funds to finance campaign activities for the Nov. 8 general election. There will be a reception from 4:30 to 6:30 p.m. when the dinner will be served.

Joe Schirmer and his company, musical entertainers, will be on the program and Ralph Winn will entertain at the organ. Walt Slimmer and his band will furnish music for dancing.

The event will be held in the Venice-Madison Legion Home at 740 Broadway in Venice.

### Marine Pvt. Stone Gets Guerrilla Training

Marine Pvt. John D. Stone, son of Mr. and Mrs. Edward L. Stone of 3428 Lydia lane, has completed four weeks of individual combat training at Camp Pendleton, Calif.

During the training period, he received more than 200 hours of instruction in guerrilla warfare, the use of infantry weapons, combat patrols, and squad tactics. His next assignment is four weeks of basic specialist training to prepare him for a specific job in the Marine Corps.

## Yule Mail Call (Clip and Save)

Quad-City servicemen and women stationed around the world, whose names and addresses are being published in each issue of the Press-Record as a special pre-Christmas public service. It is suggested that readers clip-out and retain the lists as they appear.

Local residents are invited to include the servicemen on their Christmas mailing list and send greeting cards, letters or packages, thereby helping to brighten the coming holiday season for military personnel who are away from their homes and families. Early mailing is recommended.

Hauling a golf cart can be relaxing; hauling baskets of wet laundry isn't.

A busy, hard-working modern mother needs time to relax. An automatic clothes dryer gives you that precious time. No more hauling, hanging, stooping, straining. No springing to the clothes line at every rain cloud. An automatic dryer's a necessity for proper laundering of the amazing new perma-press fabrics.

October's the month to buy... because your appliance dealer has the selection, the terms and special values right now. Most dealers offer a special money-back guarantee on dryers bought in October. Get a dryer and you'll get more time for living. SEE YOUR APPLIANCE DEALER NOW.

When you're not tied to a clothes line on washdays, you have more time for the important things. Such as being a smart shopper. A better cook. A better wife, mother, chauffeur, cheerleader, den mother, etc. And still be able to look like a million at the end of the day. (Even Mondays!)

And if you like the idea of the new perma-press fabrics that never need ironing, you'll need a clothes dryer. It's essential for proper laundering of the new "miracle" fabrics.

October is the time to buy. Right price, big selection. And a special money-back guarantee offered by most dealers in October. Yes, washday can be a waltz. SEE YOUR APPLIANCE DEALER.

## Township Officials of Illinois To Hold Three-Day Meeting

The 57th annual meeting of the Township Officials of Illinois will be held at the Pere-Marquette Hotel in Peoria Oct. 23-25 with about 200 township officials expected to attend.

The three-day meeting will feature examinations of various phases of government, revenue and taxation in Illinois, from an

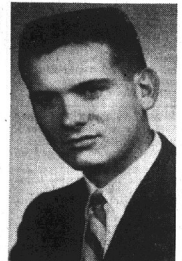

analysis of the proposed new revenue article to changes in governmental structures involving township administrations.

Speakers on the revenue article include Maurice W. Scott, Springfield, executive secretary of the Taxpayers Federation of Illinois, and State Representative James Moran of Evanston.

Another featured speaker will be Senator W. Russell Arrington, Evanston, and president pro-tem of the state senate, who will discuss developments relating to the equalization of tax assessments throughout Illinois.

Other meeting highlights will include a keynote address by Joseph P. Welch, township supervisor from Barrington, who will discuss the role of township government and its potentials for returning home rule to the people of the state.

State Senator Paul Simon, Troy, John Henry Altier, Peoria, James C. Thomson, editor of Prairie Farmer, and Norman J. Beatty, Chicago, who is an official of the Illinois Chamber of Commerce, will also appear on the township officials program.

AIRMAN O'GUIN

### Airman O'Guin Receives AF Commendation Medal

Airman 1st Class Gerald T. O'Guin, son of Mrs. Freda O'Guin of 2609 Grand avenue, is on leave enroute to Spain from Thailand where he received the Air Force Commendation Medal for outstanding achievement in radio-systems installation.

O'Guin, who was stationed in Thailand for one year, will be here for a week's leave before continuing to San Pablo Air Force Base in Spain, where he is scheduled for a three-year assignment.

After initial processing at San Pablo, he will join his wife and son in Casablanca, Morocco and begin a 20-day leave before starting his new assignment.

## Search Under Way for Boys Who Set Stray Cat Ablaze

Granite City Humane Officer Donald Krause is searching for three or four young teenage boys who were seen running from a yard after a small boy yelled out that a cat was ablaze.

"I'm conducting the investigation and plan to take action against the boys if they can be found. Anyone having information please get in touch with me through the city hall," Krause said.

He was notified of the incident Monday afternoon by residents of the 2000 block of Twelfth street, who were trying to aid the badly burned young tom cat. It was apparent the cat, a stray, had been doused with lighter fluid and set ablaze.

Members of the city Animal Shelter Board, headed by Mrs. Robert Chapman, plan to aid the humane officer in his investigation. "This is a terrible incident," Mrs. Chapman remarked.

Krause said he was called to the home on Twelfth street Monday afternoon and was advised the incident had occurred Sunday afternoon. The man of the house had heard the small neighbor boy cry out about the cat being afire and rushed out with a small rug to smother the flames.

"The little boy thought at first it was his pet cat, but the pet was located, and as far as the

neighbors know, the animal was a stray," Krause said.

The humane officer said the cat was cared for by a neighborhood family, but the animal was too badly burned about the back and had to be put asleep.

The boys seen fleeing the area were about 14 or 15 years old, Krause was told.

### Vaughn and Schuler Buy Out Cook's Store

Purchase of the pharmacy and business of Cook's 500 Madison avenue, Madison, by Donald Vaughn and Paul Schuler, local pharmacists, was announced Tuesday.

Harry Cook, 3411 Lydia lane who has operated the business for the past 21 years, is closing out the sundries this week, and Eugene Schnipper, who operated the pharmacy, is to become associated this week with a pharmacy in Florissant, Mo., where he now resides.

Cook will vacation until about Jan. 1 when he plans to enter a different business field. Prior to opening the store, he was an insurance agent.

Vaughn and Schuler, who are partners in the operation of two stores, said the prescriptions from Cook's will be available through their stores—Vaughn's Pharmacy, 1830 Delmar avenue, and Midtown Pharmacy, 2057 Johnson road.

The partners will not keep the Madison store open.

## Autumn Highway Trips to be Less Colorful—But Pleasant

Quad-City motorists taking to the highways this autumn will find less brilliant colors than in previous years due to the intense heat of last summer along with periods of prolonged drought.

The recent rains, however, have somewhat brightened up

the Missouri and Illinois countryside and Paul Jaeggi, domestic travel manager of the AAA, Automobile Club, Illinois Division, recommends the area south of Springfield in Missouri Ozark Country and the lake areas of southern Illinois as ideal spots to view this year's "Changing of the Colors."

"Fall's flaming revue will also be graphically evident in Missouri and Illinois state parks," Jaeggi said. A darker than usual shade of brown will be the prevalent color, however, the fiery red color of the Sumac shrub will help to brighten the countryside.

The best time to witness this virtual kaleidoscope of color in Illinois is generally the first three weeks in October—also an ideal time for that last nice-weather picnic or first family touch football game of the year. Motorists are also reminded to remember to take the camera along for a permanent color record of this natural spectacle.

Motorists are warned, however, not to allow themselves to be distracted by the scenery to the point where they would have or cause an accident. It is better to pull well off the road or stop at a convenient rest area before snapping any autumnal photos.

An autumn drive can also prove beneficial for the family automobile. A long drive at highway speeds can help to eliminate harmful carbon deposits which may have built up over the summer.

A fascinating pastime is to try and identify the type of trees dotting the countryside by the color of their leaves. Many trees in their most brilliant fall ensemble may easily be identified.

Orange-dappled maples and rusty red-brown oaks fairly flame from their trunks, but most viewers see other trees only as splashes of yellow, red and brown.

The deep vine colors are familiar enough, but few people identify them with Black Gum and Ash trees. A less penetrating deep red portrays the Black Oak group, in contrast to the softer browns of the White Oaks.

Present were Rev. and Mrs. Clayton Humphrey, Rev. Walter M. Bartels, evangelist for a revival now underway at the church, and Rev. and Mrs. Thomas Harvengt and children, Janice, Tom and Tim, Mr. and Mrs. Thomas Wilson, Mr. and Mrs. Earl Cox, Mr. and Mrs. Gerald Mayberry and daughter, Rene, Mr. and Mrs. Rame Sundt, Mr. and Mrs. Gene Duggins, Mr. and Mrs. Howard Wigger, Mesdames Evelyn Smith, Ruby Harper, Naomi Roney, Norma Rains, Luverne Finsell, Esther Davis, Dorothy Barnes, Steffie Libzar and Frances Feldman, Carlos LeVall, Clyde Seeger, Gary Wigger and Misses Irene Broadway, Connie Wigger, Evelyn Barnes, Nancy Wigger and Margaret Libzar.

A two-hour show has been arranged by the director, Lea Mace, and 5500 seats are available with the price at \$1 per person. Potentate Morris E. McLean has proclaimed "Temple Unit Day" for Sunday. Others on the program will be Bill Altberger, Jim Smith and Paulette Reeves.

**Pvt. Culpen Completes Boot Training, Promoted**

Pvt. Dale G. Culpen, son of Mrs. Vada Olson, 2830 East 25th street, recently completed basic training at Fort Campbell, Ky., and has been promoted to the rank of Private E-2.

Presently, the local soldier is attending a pole line men's school at Fort Huachuca, Ariz. Pvt. Culpen is among hundreds of Quad-City military personnel, whose name will appear in the Press-Record's "Yule Mail Call" lists.

The past month's 417,130 tally was the first since opening of the new free bridge carrying Interstate Route 270 across the Mississippi River. The figure is 11,000 below the record for the month and trails the September 1964 tabulation by 400, but exceeds the traffic in all previous Septembers.

A breakdown for September 1966 shows 92,056 crossings in the first week, 99,029 in the second week, 97,957 in the third week, 96,089 in the fourth week and 92,088 on the final two days of the month. Daily average was 13,903, or almost identical with the daily average for the 1965-66 year.

**The Pay-Off**

People who drive as if they were on an emergency fund end up in the emergency ward.

**Previous Yearly Totals**

The 5,088,599 grand total compares with 4,938,727 in 1964-65; 4,864,745 in 1963-65; 3,871,748 in 1962-63; 4,742,888 in 1961-62; 4,122,360 in 1960-61; and 3,971,979 in 1959-60.

The city bought the bridge from the Illinois Terminal Railroad Nov. 21, 1965.

Traffic during the not quite eight years of municipal ownership has totaled 35,889,241, with the city treasury receiving \$692,002.
